

## Custom Stamping Metalwork Deep Drawn Sheet Metal Aluminum Sandblast Anodized

Our Product Introduction

for more products please visit us on [cnc-metalmachining.com](http://cnc-metalmachining.com)

### Basic Information

- Place of Origin: China
- Brand Name: Xiange
- Certification: ISO 9001:2015 SGS RoHS
- Model Number: DP-XG-1
- Minimum Order Quantity: 1 pcs
- Price: USD 1\$-2\$
- Packaging Details: Carton Wooden case
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10 SET per week

### Product Specification

- Material Capabilities: Stainless Steel, Aluminium, Copper, Brass
- Products: Stamping Contacts, Switch Socket Brass, Switchgear Electrical Outlet Metal Parts
- Process: Metal Sheets Fabrication, Welding, Cutting, Punching, Stamping
- Application: Metal Parts
- Place Of Origin: China
- Tolerance:  $\pm 0.01\text{mm}$
- MOQ: 1 Piece
- OEM/ODM: Acceptable
- Equipment: Precision Stamping Parts
- Crafts Manship: Metal Sheet Fabrication, CNC Stamping, CNC Bending, Welding
- Drawing Formats: DWG, DXF, STEP, IGS, AI, PDF, JPG, SKP, Draft.
- Applications: Residential / General-Purpose

## Product Description

Deep Drawn Sheet Metal Manufacturer Custom Stamping Metalwork Stainless Steel Cut Aluminum Deep Drawing Service

## What We Can Provide

### Product Description

|                         |  |                       |                    |
|-------------------------|--|-----------------------|--------------------|
| Precision of piece:     | +/-0.01mm  |                       |                    |
| Roughness of piece:     | Ra≤0.1   |                       |                    |
| Quality standard:       | DIN, ASTM, GOST, GB, JIS, ANSI, BS;  |                       |                    |
| Drawing format:         | JPEG,PDF,AI,PSD,DWG,DXF,IGS,STEP;  |                       |                    |
| Products certification: | ISO9001:2008, CE, RoHS, SGS;   |                       |                    |
| Dimension:              | Dia.500mm or 850mm width   |                       |                    |
| Available materials     | Steel: carbon steel, alloy steel, stainless steel, 4140,20#,45#,40Cr,20Cr ,etc |                       |                    |
|                         | Aluminum: AL6061,AL6063,AL6082,AL7075,AL5052 etc.                              |                       |                    |
|                         | Stainless steel: 201SS,301SS,304SS,316SS etc.                                  |                       |                    |
|                         | Brass: C37700,C28000, C11000,C36000 etc  |                       |                    |
| Surface treatment:      | Plastics: PTFE,PEEK,POM,PA,UHMW, NYLON   |                       |                    |
|                         | Steel parts  | Stainless steel parts | Aluminum parts     |
|                         | Galvanization  | Polishing             | anodized           |
|                         | Black oxidation  | Passivation           | Sandblast anodized |
|                         | Nickel plating   | Laser engraving       | Colorful anodized  |
|                         | Chrome plating   | Sand blast            | Brushed            |
|                         | Heat treatment   |                       | Polishing          |
|                         | Powder coated  |                       | Chrome plating     |

### Description

1. Over 12 years experience in metal stamping parts
2. Facility: Stamping machines, automatic stamping machine, punching machines, Oil Hydraulic pressing machines, bending machines, welding machines, meter lathes
3. Material: Carbon steel (cold rolled steel sheet, galvanized steel sheet or tube), stainless steel, copper, brass, aluminum, etc
4. Finish: zinc plated, chromated plated, Electrophoresis, Dacromet, powder painting, etc
5. Industries: Furniture hardware, electronic hardware, construction machinery parts, metal processing machinery parts.
6. Standard: OEM manufacturing as per customers requirements.
- 7) Key words: sheet metal fabrication/metal component/sheet metal processing/metal stamping parts

Xiange are able to perform large volumes in a short time. We quickly and inexpensively carry out work on cutting and fabrication sheet metal in China. Our equipment allows you to cut sheet metal up to 5 mm thick and bend at any angle with a bend length of up to 1000 mm.

- Sheet metal thickness 0.5 - 10mm
- More than 10 kind of materials and finishes are available
- Fastest delivery time 3 working days

## PRODUCTS SHOW

Complex level: 4

Design Highlight: Convex position aggressively close to the cutting edge

Material: Aluminum

Complex level: 4

Design Highlight: High Roundness, thick, large - Punching from the reverse direction

Material: Stainless Steel

Complex level: 4

Design Highlight: Deep Drawing Parts - Progressive mould due to the particularity and demagnetization of the product - Continuous molding

Material: Stainless Steel

Complex level: 4

Design Highlight: Hand touch smooth finish on the surface while most competitor factories process roughly

Material: Stainless Steel

Complex level: 4

Design Highlight: In-Mould tapping - Many companies tap by hand though, but our company has continuous die while stamping while tapping, one-time to complete.

Material: SPCC

Complex level: 3

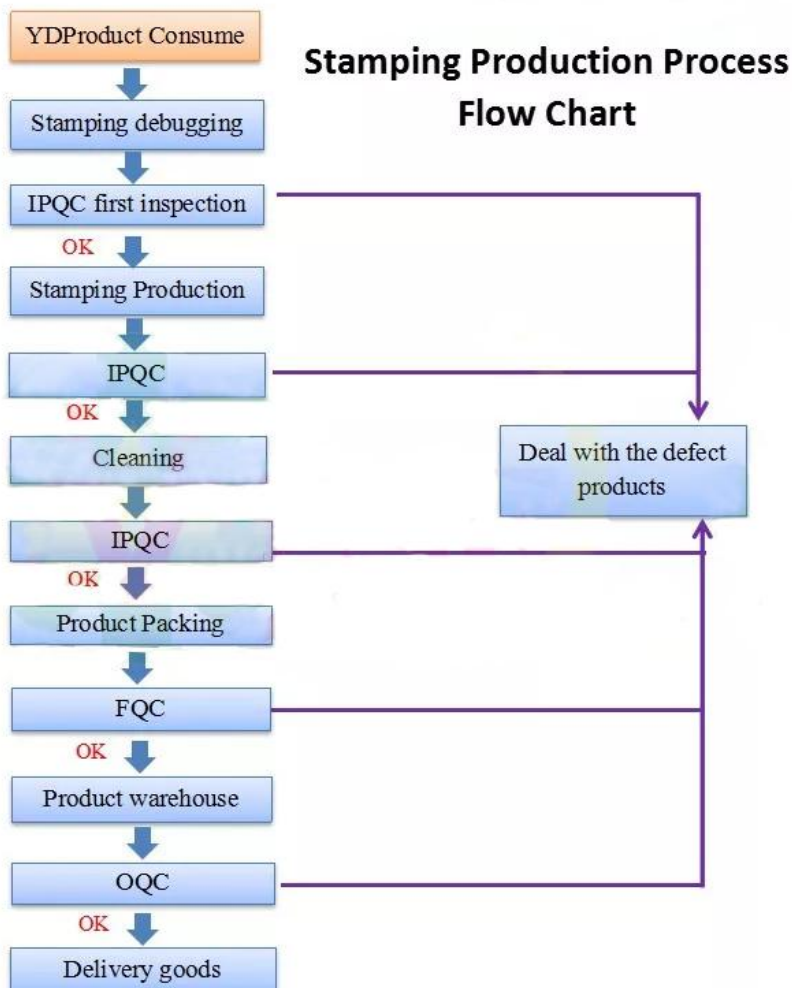

Design Highlight: It is used in a Qatar stadium. All the hardware accessories of the stadium are purchased from Shengjia. The products are large and the delivery time is short.

Material: SPCC

| Industry Range              | What we can Provide  |
|-----------------------------|--|
| CNC Machining Service       | Turning, Milling, Stamping, Bending, Welding, Tapping, Riveting, Gear cutting, Wire-cutting, etc   |
| Sheet Metal Service         |  |
| Home Appliance Prototype    | Refrigerator, Washing Machine, Microwave Oven, Hair Dryers, etc.                                   |
| Auto Part Prototype         | 1:1 or 1:10 Car Model, Auto Parts, Bumper, Dashboard, Car Lamp, Motorcycle, Scooter, Bike and etc. |
| Medical Device Prototype    | Scanner Case, Ultrasonic diagnostic imaging care etc.  |
| SLS/SLA 3D Printing Service | Custom SLA SLS custom 3D printing service  |
| Vacuum Casting              | Low MOQ customization service  |
| <b>Material Acceptable</b>  |  |
| Stainless Steel             | SS201, SS301, SS303, SS304, SS316, SS416 etc.  |
| Steel                       | Mild steel, Carbon steel, 4140, 4340, Q235, Q345B, 20#, 45# etc.                                   |
| Aluminum                    | AL6061, AL6063, AL6082, AL7075, AL5052, A380 etc   |

|                     |  |
|---------------------|--|
| <b>Plastic</b>      | ABS, PC, PE, POM, Delrin, Nylon, PP,PEI, Peek etc.   |
| <b>Copper</b>       | C11000,C12000,C12000 C36000 etc.   |
| <b>Iron</b>         | A36, 45#, 1213, 12L14, 1215 etc.   |
| <b>File Formats</b> | Pro/E, Solidworks, Unigraphics, Catia, Auto CAD.(*.stp,*.igs,*.sldprt,*.stl,*.x-t,*.CATPart) |

## PART OF PUNCHING MACHINE

**Product Category**

**CNC machining**

**Metal sheets fabrication**

**Precision stamping**

**Metal forging**

**Die casting**

**3D printing**

**Vacuum Casting**

**Reaction Injection Molding**

## Company Information

# About us

At Xiange technology, we focus on providing you with the finest services in rapid prototyping, rapid tooling and low-volume manufacturing. Our international team of engineers and technicians are dedicated to making your custom parts using the most advanced equipment and techniques including 3D metal printing, multi-axis CNC machining and plastic injection molding.

CNC  
Machining  
Service

SLS  
SLA  
Service

Vacuum

Metal  
Service

## Why Choose Us

### OUR ADVANTAGES

#### High precision

Advanced 5-axis CNC and imported processing equipment with an accuracy of  $\pm 0.02-0.10$  mm

#### Fast Lead Time

We have multiple CNC machining machines, skilled production workers, guarantee fast lead times

#### Strictly Confidential

We will protect the customer's design and the customer can request a confidentiality agreement.

#### Quality Inspection

We have a strict quality inspection process to ensure the quality of our products.

# Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

## Trade process

## Packing Details

### Inner Packing

EPE Foam Packing

EPE Foam Packing

Vacuum Packing

Anti-Rust Paper Packing

Stretch Film Packing

Bundling &

## F A Q

### Q:What do you need to provide a quote?

Please kindly send us the drawing or sample of your product. Details below should be included:

A:. Materials B. Surface Finish C. Tolerance D. Quantity

### Q:How do I know about the production?

A:We will double confirm your requirements and send you the sample before mass production.

During the mass production,we will keep you informed of any progress. Besides, we will do 100% quality inspection before shipment.

### Q:How do I know about the delivery?

A:We will inform you of the tracking number once we get it from shipping agent. Also we will keep updating the latest shipping information for you.

### Q:What will you do for after sales?

A:When our parts apply to your products,we will follow up and await your feedback.Any question related to our parts,our experienced engineers are ready to help.

### Q:How to contact with sales ?

A:You can send inquiry of our products,it will be replied within 6 hours;You can contact directly with our sales through Alitalk or Skype as you like.

### Q:What information should I give to you for inquiry?

A:If you have drawings or samples,pls feel free to send us,and tell us your special requirements such as material ,tolerance,surface treatments and the amount you need,ect .

### Q:How to order?

A:Please send us your purchase order by Email or Fax, or you can ask us to send you Proforma Invoice (P/I) for your order. We need to know the following information for your order:

1) Product information: Quantity, Specification(size ,material, and packing requirement) or other technology requirement,  
the drawing of your project will be the best.

- 2) Delivery time required.
- 3) Shipping information: Company name, Address, Phone number, Destination seaport/airport.
- 4) Forwarder's contact details if there is any in China.

**Q:How about certificate?**

**A:**We will make 100% full inspection and provide the inspection reports.

**Q:Is it possible to return the money if the quality is not good?**

**A:**This has never been occurred right now, as we treat the quality as our key of development. Quality and service is everything for us.

## Packaging & Shipping

**PACKAGE:** Standard export carton packing.

**DELIVERY TIME:** 3-30 days after confirming order, detail delivery date should be decided according to production season and order quantity.
