

Precision Metal Stamping Parts Stainless Steel Sheet FabricationElectroplating

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: China
- Brand Name: Xiange
- Certification: ISO 9001:2015 SGS RoHS
- Model Number: PMS-XG-4
- Minimum Order Quantity: 1 pcs
- Price: USD 0.1\$-1\$
- Packaging Details: Carton Wooden case
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10 SET per week

Product Specification

- Material Capabilities: Stainless Steel, Aluminium, Copper, Brass
- Products: Precision Stamping Products, stamping Contacts, outlet Metal Parts
- Process: Metal Sheets Fabrication, Welding Cutting Punching Stamping
- Application: Precision Stamping Products, Shield Cover Precision Stamping
- Tolerance: $\pm 0.01\text{mm}$
- MOQ: Small Orders Accepted
- OEM/ODM: Acceptable
- Name: Precision Stamping Parts
- Surface Treatment: Brushing, Polishing, Anodizing, Powder Coating, Plating, Silkscreen Printing, Sandblast, Etc
- Crafts Manship: Metal Sheet Fabrication, CNC Stamping, CNC Bending, Welding
- Drawing Formats: DWG, DXF, STEP, IGS, AI, PDF, JPG, SKP,

Product Description

Wholesale Manufacturer Factory Stainless Steel Sheet Precision Metal Stamping Bending Welding Parts Fabrication

What We Can Provide

Item	Description
Product Name	stamping part,precision stamping products,Clips stamping,metal bracket punching,
Working Process	stamping, deep stamping, bending, punching, threading,welding, tapping, riveting,Laser Cutting
Material	Carbon steel, SPCC, SGCC, Stainless steel, Aluminum, Brass, Copper, etc.
Surface Treatment	Powder coating, electroplating, oxide,anodization
Packing	Inner-Plastic Bag; Outer -Standard Carton Box.
Usage	All kinds of cars, machinery, home appliance, electronic products, electric appliance, stationery, computers, power switches, miniature switches, architecture, commodity and A/V equipment, hardware and plastic molds, sports equipment and gifts, and more
Quality Control	Conducted by ISO/TS16949:2002 and ISO14001:2004 system.
Equipments	CNC stamping/punching machine, CNC bending machine, CNC cutting machine, 5-250T punching machines, welding machine, polish machine
Applications	auto,motorcycle,industry,ariculture,mine,furniture,elevator,etc
Thickness	0.5mm~12mm, or other special available
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	IQC, IPQC,FQC,QA

Description

1. Over 12 years experience in metal stamping parts
2. Facility:Stamping machines,automatic stamping machine,punching machines,Oil Hydraulic pressing machines,bending machines,welding machines, meter lathes
3. Material:Carbon steel(cold rolled steel sheet,galvanized steel sheet or tube),stainless steel,copper ,brass,aluminum,etc
4. Finish:zinc plated,chromated plated, Electrophoresis, Dacromet ,powder painting,etc
5. Industries:Funiture hardware, electronic hardware,construction machinery parts,metal processing machinery parts.
6. Standard:OEM manufacturing as per customers requirements.
- 7)Key words:sheet metal fabrication/metal component/sheet metal processing/metal stamping parts

Xiange are able to perform large volumes in a short time. We quickly and inexpensively carry out work on cutting and fabrication sheet metal in China. Our equipment allows you to cut sheet metal up to 5 mm thick and bend at any angle with a bend length of up to 1000 mm.

- Sheet metal thickness 0.5 - 10mm
- More than 10 kind of materials and finishes are available
- Fastest delivery time 3 working days

Our company has strong R&D capability and develops many new products every year. In production, we strictly follow the ISO 9001 quality system to control quality and arrange production:

1. Don't accept defective, strict inspection of supplier's raw materials.
2. Don't manufacture defective, the production process are strictly controlled. For all products, the workers are strictly self-inspected on each machining process, and the quality inspectors do regular inspection and spot inspection.
3. Don't transferring defective, the defective products found in the previous process shall never be allowed to be transferred to the next process. Before shipment, the finished products shall be inspected again, and if any quality problems be found, and the products shall be reworked or rejected according to the relevant requirement.

Industry Range	What we can Provide
CNC Machining Service	Turning, Milling, Stamping, Bending, Welding, Tapping, Riveting, Gear cutting, Wire-cutting, etc
Sheet Metal Service	
Home Appliance Prototype	Refrigerator, Washing Machine, Microwave Oven, Hair Dryers, etc.
Auto Part Prototype	1:1 or 1:10 Car Model, Auto Parts, Bumper, Dashboard, Car Lamp, Motorcycle, Scooter, Bike and etc.
Medical Device Prototype	Scanner Case, Ultrasonic diagnostic imaging care etc.
SLS/SLA 3D Printing Service	Custom SLA SLS custom 3D printing service
Vacuum Casting	Low MOQ customization service
Material Acceptable	
Stainless Steel	SS201, SS301, SS303, SS304, SS316, SS416 etc.
Steel	Mild steel, Carbon steel, 4140, 4340, Q235, Q345B, 20#, 45# etc.
Aluminum	AL6061, AL6063, AL6082, AL7075, AL5052, A380 etc
Plastic	ABS, PC, PE, POM, Delrin, Nylon, PP, PEI, Peek etc.
Copper	C11000, C12000, C12000 C36000 etc.
Iron	A36, 45#, 1213, 12L14, 1215 etc.
File Formats	Pro/E, Solidworks, Unigraphics, Catia, Auto CAD.(*.stp, *.igs, *.sldprt, *.stl, *.x-t, *.CATPart)

Stainless Steel Material

Material:

Stainless Steel 201
Stainless Steel 430
Stainless Steel 304
Stainless Steel 316

Finish:

Mirror Polishing
Brush Polishing
Electro Polishing
Vibration Polishing

Carbon Steel Material

Material :

Carbon Steel

Finish :

Galvanized

Chromed

Powder Coating

Spray Painting

Aluminum Material

Material:

Aluminum 5052
Aluminum 6061
Aluminum 6063 etc

Finish:

Anodic Oxidation
Polishing
Powder Coating
Spray Painting

PART OF PUNCHING MACHINE

Production flow

Customized Surface Treatment

Anodization
& Sandblasting

Black Oxide

Brush

Electrophoresis

Logo Laser Marking

Logo Silk Printing

Powder Coating

Zink Plating

Hot Gavalnized

Why Choose Us

OUR ADVANTAGES

High precision

Advanced 5-axis CNC and imported processing equipment with an accuracy of $\pm 0.02-0.10$ mm

Fast Lead Time

We have multiple CNC machining machines, skilled production workers, guarantee fast lead times

Strictly Confidential

We will protect the customer's design and the customer can request a confidentiality agreement.

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products.

Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

F A Q

Q: Are you trading company or manufacturer?

A: We are factory, so we can provide competitive price for you.

Q: What kind of service can you provide?

A: Our Factory can provide OEM sheet metal fabrication, CNC machining and manufacturing service.

Q: What's kinds of information you need for a quote?

A: In order to quote for you earlier, please provide us the following information together with your inquiry.

1. Detailed drawings (STEP, CAD, SOLID Works, PROE, DXF and PDF)
2. Material requirement (SUS, SPCC, SECC, SGCC, Copper, AL, ETC.)
3. Surface treatment (powder coating, sand blasting, painting, polishing, oxidization, brushing, etc.)
4. Quantity (per order/ per month/ annual)
5. Any special demands or requirements, such as packing, labels, delivery, etc.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Thickness, Length, Height, Width), CAD or 3D file will be made for you if placed order.

Q: What makes you different from others?

A: a. Our Excellent Service

We will submit the quotation in 48 hours if getting detailed information during working days.

b. Our quick manufacturing time

For Normal orders, we will promise to produce within 3 to 4 weeks.

As a factory, we can ensure the delivery time according to the formal contract.

Q: Is it possible to know how are my products going on without visiting your company?

A: We will offer a detailed production schedule and send weekly reports with photos or videos which show the machining progress.

Q: Can I have a trial order or samples only for several pieces?

A: As the product is customized and need to be produced, we will charge sample cost, but if the sample is not more expensive, we

will refund the sample cost after you placed mass orders.

Q: Why there is tooling cost?

A: It's mold cost. Indispensable production process. Only need to pay for first order, and we will bear maintenance cost of mold damage.

Q: What is your terms of payment?

A: Payment<=1000USD, 100% in advance.

Payment>=1000USD, 40% T/T in advance, balance before shipment.

Q: What's your after-sale service?

A: If there is quality problem, please provide photos or test report, we will replace defective goods or return funds.
