

CNC Lathe Copper Brass Turning Parts Custom Various Brass Machining Parts

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: BS-CNC-031
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized Machining
- Color: As Per Customers' Requirement
- Keyword: Brass Turning Parts
- Sample: Acceptable
- Highlight: **Lathe Copper Brass CNC Turned Parts, Custom CNC Brass Machining Parts, Anodized Brass Turning Parts**

Product Description

What We Can Provide

CNC Lathe Copper Brass Turning Parts Manufacturing Custom Various Brass Machining Parts

Description of Brass Turning Parts

CNC Turning is a specific type of CNC Machining, referring to the particular subtractive machining process where the final piece, or material, is spun at high speed and a cutting tool shaves away material. However, unlike the more commonly used CNC milling technique, CNC turning uses one of the oldest styles and forms of manufacturing.

Specification of Brass Turning Parts

Product Name	CNC Lathe Copper Brass Turning Parts Manufacturing Custom Various Brass Machining Parts
Material	Brass H65/H62 etc, Copper, Bronze
Surface Treatment	Polishing, Brushing, Electroplating, Powder coating, Laser engraving, Welding
Tolerance	+/- 0.01mm, as customers' requirements
Process	CNC machining, Auto lathing/turning, Milling, Grinding, Tapping, Drilling, Bending, Casting, Laser cutting
Certificate	ISO9001: 2015
Delivery Time	10-15days for samples, 20-25days for mass production
MOQ	According to drawing

Feature Of CNC Machining Parts

1. Good corrosion resistance
2. High strength and hardness
3. High thermal conductivity
4. High electrical conductivity
5. Gooding finishing characteristics

Application Of CNC Machining Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Why Choose Us

Competitive Advantage

1. Quick Response: your inquiry will be replied in 24 hours, sales are more than 10 years of engineer background, react fast and give strong support.
2. Competitive Price: we are original manufacturer; low operating cost and innovative ideas enable to offer very competitive cost.
3. One-Step Service: offer from design, machining, surface treatment to finally assembly.
4. Quality Guarantee: Experienced engineers, precision production machines, precision inspection equipment with experienced inspectors and QC system to ensure quality.
5. Production Capacity: 18sets Swiss Machining Lathes and 100sets 3/4/5 Axis CNC machining centers with 500,000pcs monthly of sufficient production capacity enable to meet large demand.
6. On Time Delivery: Sufficient production capacity and strong project management.
7. Good Service: Good service runs throughout the whole process from inquiry/quotation, sampling, production, inspection, packaging to delivery and after sale.
8. Value-added services: A trusted partner who can help you purchase a variety of other legal items, including a variety of special products

FAQ

Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
