

Customized High Precision Metal Stamping Parts Sheet For Construction Battery Shell Stamping Service

Basic Information

Place of Origin:
 Shenzhen China

Brand Name: Xiange

Certification: ISO9001:2015Model Number: PMS-XG-031

• Minimum Order Quantity: 1 pcs

• Price: USD \$0.1-\$1.99

Packaging Details: Carton, As Customers'packaging

requirements

Delivery Time: Samples 7-10 days, Mass production 20-25

days

• Payment Terms: T/T, Western Union, MoneyGram

Supply Ability: 50000 pcs per week

Product Specification

Material: Copper, Stainless Steel, Aluminum, Brass,

The

Etc.

• Surface Treatment: Hot Galvanized, Zinc Plating, Nickel Plating,

Powder Plating, Anodize

Process: Stamping, Punching, Bending, Punching Of

Stamping Blanks, Stamping + CNC

Application: Construction, Industrial, Used Widely

Industry Auto, Mechanical Equipment, Auto

Parts

• Service: OEM/ODM, OEM ODM Metal Stamping,

Customized OEM OEM ODM, OEM Service

• Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm

Oem: AvailableQuality: ISO9001

Keywords: Custom Stamping MetalPacking: As Customers' Requirement

Highlight: High Precision Metal Stamping Parts,

Product Description

What We Can Provide

Customized High Precision Metal Stamping Parts Sheet For Construction Battery Shell Stamping Service

Description of High Precision Metal Stamping Battery Shell Stamping Service

"High Precision Metal Stamping Battery Shell Stamping Service" specializes in the production of high-precision metal battery shells through advanced stamping techniques. These services ensure that battery enclosures meet stringent quality standards, providing durability, precise dimensions, and reliable performance for various applications.

Advanced Stamping Technology:

High Precision Stamping: Utilizing state-of-the-art stamping presses and tooling to achieve precise and consistent dimensions, tight tolerances, and fine surface finishes.

Multi-Stage Stamping: Implementing progressive and transfer stamping processes to produce complex battery shell designs efficiently and accurately.

Material Expertise:

Diverse Material Options: Working with various metals including aluminum, stainless steel, nickel, and other specialized alloys to meet specific battery performance requirements.

Material Selection: Offering guidance on material selection based on factors like strength, weight, corrosion resistance, and conductivity.

Specification of High Precision Metal Stamping Battery Shell Stamping Service

Material	Steel, Iron ,Stainless steel, Aluminum, Brass, Copper etc.
More processing	Stamping, Welded, Hardware, Plastic Injection, Deep drawing, CNC
	Machining, Die Casting, Aluminum Extrusion, etc
Surface treatment	Zinc plating, Nickel plating, Powder coated, Paint, Brushed,
	Polishing, Anodized, Hot dip galvanizing, Electroplating, powder
	spraying, electrophoretic paint, aluminum oxidation etc.
Drawing Format	CAD, 3D(stp, igs, dfx). PDF
Application	Metal part in all fields
Service	Customize ODM OEM
Tolerance	In general:+-0.01-0.05 mm can be more precision, according to your
	requirement
One-stop Service	Custom Design, Fabrication, Assembly And Delivery

Quality Control

- 1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
- 2. Checking the details before the production line operated
- 3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
- 4. Checking the goods after they are finished---- Final quality control(FQC)
- 5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of High Precision Metal Stamping Battery Shell Stamping Service

- 1. Auto Components Hardware Parts Auto Parts
- 2. Communication Equipment
- 3. Industrial Equipment
- 4. Medical EquipmentsMechanical Parts
- 5. Ship Accessories
- 6. Electrical Equipment
- 7. Mechanical Equipment

Why Choose Us

Our Advantages

- 1. Small details make big difference. We promise:All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.
- 2. The craftsmanship of all parts we machined is controlled rigorously, Every product has its own process card and process chart.
- 3. Our quality inspection procedure is quite strict.it must self-inspected during production, we have flow inspectors and professional inspectors.

- 4. Each size of product must be tested one by one after completing production and provide quality report.
- 5. The most important point, we are the entity factory, not trading company. Price is the composition of the actual product quality price. Quality can guarantee more controllable higher than trading company. The price is competitive, at least reducing the trade company's service fee.
- 6. We have many years of export experience, exports to the US, Europe, Japan and other countries and regions.
- 7. Our team are more professional. We have more reasonable price and better quality controlling than trade company. And our language ability is also diversified.

Multipe Machines

Professional machines, skillful workers, guarantee the quality and lead time.

Strictly Confidential

We will protect the customers'design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

Stainless Steel Material

Material:

Stainless Steel 201 Stainless Steel 430 Stainless Steel 304 Stainless Steel 316

Finish:

Mirror Polishing **Brush Polishing Electro Polishing** Vibration Polishing

FAQ

Q: How can I customize my products?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Hight, Width), CAD or 3D file will be made for you if placed order.
