

Custom CNC Lathe Precision Parts Metal Machining Turning Milling Service

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: TN-CNC-030
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 20000pcs per week

Product Specification

- Type: CNC Machining, CNC Turning
- Cnc Machining Or Not: CNC Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodizing, Brush, Anodized, Painting/Powder Coating/Sandblast/Color Anodize/Polish/Oxidation
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized Machining
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Keyword: CNC Lathe Turning Parts
- Drawing Format: IGS STP STL, IGS, STL, STEP, PDF/DWG/IGS/STL/STP/ Etc
- Highlight: **Custom CNC Lathe Precision Parts, Anodizing CNC Lathe Turning Parts, Metal Precision CNC Turning Parts**

Product Description

What We Can Provide

Custom CNC Lathe Precision Parts Metal achining Turning Milling Service

Description of CNC Lathe Precision Parts

CNC Turning is a manufacturing process in which bars of material are held in a chuck and rotated while a tool is fed to the piece to remove material to create the desired shape. A turret (shown center), with tooling attached is programmed to move to the bar of raw material and remove material to create the programmed result. This is also called "subtraction machining" since it involves material removal. If the center has both turning and milling capabilities, such as the one above, the rotation can be stopped to allow for milling out of other shapes.

Specification of CNC Lathe Precision Parts

Name	CNC Lathe Precision Parts
Material	Brass, Stainless Steel, Carbon steel, Aluminum alloy, according to customer's requirement
Finish	Zn/Ni/Tin/Au plating, Black Oxide, Anodizing and so on.
Insert Methods	By Ultrasonic, Heat staking, Insert Molding, Cold press-in Methods custom by your required
Certification	SGS, RoHS, Material Certification, PPAP
Lead Time	5-10 working days
Samples	Accept OEM/ODM
Delivery term	By DHL, UPS, TNT, FedEx, EMS, By Ocean, By Air, By Train and etc.
Production Capability	CNC lathe turning:ODΦ0.5-250mm,Tol.±0.005mm

Application Of CNC Lathe Precision Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Advantages

1. Quality control: the defective products rate is 0.1%. Imported material 100%.
2. Reasonable price. Precision made. Experience & reasonable QC that you can rely on.
3. Each part would be given 100% test and tryout before shipment.
4. Adequate supply capacity. Punctual delivery time.

Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

FAQ

1. How can I get the price? - We usually quote within 24 hours after we get your inquiry (except weekend and holidays). If you are urgent to get the price, please email us or contact us in other ways so that we can offer you a quote.
2. Can I buy samples? - Yes. Please feel free to contact us.
3. What is your lead time? - It depends on the order quantity and the season you place the order. Usually we can ship within 7-15 days for small quantity, and about 30 days for large quantity.
4. What is your payment term? - T/T, Western Union, MoneyGram, and Paypal. This is negotiable.
5. What is the shipping method? - It could be shipped by sea, by air, or by express (EMS, UPS, DHL, TNT, FEDEX etc). Please confirm with us before placing orders.
6. How do you make our business long-term and good relationship? - We keep good quality and competitive price to ensure our customers benefit. Furthermore, we respect every customer as our friend and we sincerely do business and make friends with them, no matter where they come from.
