

OEM Custom Metal Stamping Service 0.01mm Sheet Frame Fabrication

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: SP-XG-024
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 20000 pcs per week

Product Specification

- Material Capabilities: Stainless Steel, Aluminium, Copper, Brass
- Process: Metal Sheets Fabrication, Welding Cutting Punching Stamping
- Tolerance: +/-0.01mm
- Equipment: Precision Nonstandard Parts, Precision Stamping Parts
- Surface Treatment: Hot Galvanized, Polishing, Zinc-plated, Nickel-plated, Chrome-plated, Silver-plated, Gold-plated, Imitation Gold-plated, Powder Coating, Etc.
- Applications: Automotive, Medical, Telecom, Construction, etc
- Drawing Formats: DWG, DXF, STEP, IGS, AI, PDF, JPG, SKP, Draft.
- Highlight: **OEM Custom Metal Stamping, Tolerance 0.01mm Custom Metal Stamping, Tolerance 0.01mm Metal Stamping Service**

Product Description

OEM Custom Metal Stamping Service 0.01mm Sheet Frame Fabrication

OEM Stamping Service Custom Metal Sheet Frame Fabrication Industrial Support Bracket

Description of Custom Metal Sheet Frame Fabrication

Metal frame components refer to the various parts and elements that make up a metal frame structure. These components are typically made from metals such as steel, aluminum, or other alloys, and they are assembled together to form a sturdy and durable framework for various applications.

Specification of Custom Metal Sheet Frame Fabrication

Product name	OEM Stamping Service Custom Metal Sheet Frame Fabrication Industrial Support Bracket
Material	Stainless Steel, Aluminum, Carbon steel, Mild Steel, Brass, Copper, etc.
Surface treatment	Powder coated, polishing, brushed, painting, etc.
Processing	Cutting/Stamping/bending/welding/polishing/finishing, etc
Usage	Industrial, medical, home appliances, furniture, office supplies, etc.
Tolerance	±0.01mm-0.05mm
Inspection	100%
Service type	OEM/ODM
Drawing format	CAD/ PDF/ STP etc.

Applications of Custom Metal Sheet Frame Fabrication

1. Automotive Industry: Fabrication metal parts are used in the manufacturing of vehicles, including body panels, frames, brackets, exhaust systems, suspension components, and engine parts.
2. Construction and Architecture: Metal fabrication parts are essential in construction projects, such as structural steel beams, columns, staircases, handrails, façade elements, and roofing components.
3. Aerospace and Aviation: Metal parts fabricated through precision processes are used in the aerospace industry for aircraft structures, engine components, landing gear, interior fittings, and avionics equipment.
4. Industrial Machinery: Fabrication metal parts are integral to the manufacturing of machinery and equipment, including conveyor systems, machine frames, enclosures, gears, pulleys, and bearings.

Quality Control

1. Establish quality standards.
2. Plan quality control activities.
3. Inspect incoming materials.
4. Monitor and inspect during production.
5. Conduct final product inspection.
6. Keep documentation and records.
7. Continuously improve quality.
8. Train employees involved in quality control.
9. Gather customer feedback.
10. Address customer concerns and make improvements.

Why Choose Us

Advantages

1. Quality control: the defective products rate is 0.1%. Imported material 100%.
2. Reasonable price. Precision made. Experience & reasonable QC that you can reply on.
3. Each part would be given 100% test and tryout before shipment.
4. Adequate supply capacity. Punctual delivery time.

Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful
with accuracy of guarantee the quality and lead time. guarantee fast lead time

Strictly Confidential

We will protect the customers' design
and the customer can request a
confidentiality agreement

Quality Inspection

We have a strict quality inspection
process to ensure the quality of our
products

Stainless Steel Material

Material:

Stainless Steel 201
Stainless Steel 430
Stainless Steel 304
Stainless Steel 316

Finish:

Mirror Polishing
Brush Polishing
Electro Polishing
Vibration Polishing

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length,Hight,Width),CAD or 3D file will be made for you if placed order.
