

Anodized Aluminium Enclosure Box Custom CNC Machining Milling

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: AL-CNC-034
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodizing, Brush, Anodized, Painting/Powder Coating/Sandblast/Color Anodize/Polish/Oxidation
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Keyword: Aluminum Enclosure Box
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized OEM
- Sample: Acceptable
- Highlight: **Anodized Aluminium Enclosure Box, CNC Machining Aluminium Enclosure Box, Aluminium CNC Machining Milling**

Product Description

Anodized Aluminium Enclosure Box Custom CNC Machining Milling

Custom CNC Machining Milling 1590B Anodized Aluminium Enclosure Box

Description of Aluminium Enclosure Box

Custom machined aluminum parts refer to components or products that are made from aluminum through a machining process tailored to meet specific requirements. Machining involves removing material from a solid block of aluminum using various tools and techniques such as cutting, drilling, milling, turning, and threading. The resulting aluminum parts are precise, durable, and can be customized to fit specific dimensions, shapes, and functionalities.

The advantages of custom machined aluminum parts include their lightweight nature, high strength-to-weight ratio, excellent corrosion resistance, and good thermal conductivity. These properties make them suitable for a wide range of applications across industries such as automotive, aerospace, electronics, medical, and more.

Specification of Aluminium Enclosure Box

Materials	Aluminum, copper, brass, stainless steel, carbon steel, steel, iron, alloy, zinc, titanium, etc.
Surface Treatment	Anodizing, Brushing, Galvanized, Laser engraving, Silk printing, Polishing, Powder coating, etc.
Tolerance	±0.1~0.005mm, 100% QC quality inspection before delivery, can provide quality inspection form
Testing equipment	RoHS tester , callipers , salt spary tester , 3D coorodonate measuring instrument
Processing	CNC turning, CNC milling, CNC machining, Grinding, EDM wire cutting
File Formats	Solid Works, Pro/Engineer, AutoCAD(DXF,DWG), PDF, TIF etc.

Application Of Aluminium Enclosure Box

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Feature Of Aluminium Enclosure Box

1. Good corrosion resistance
2. High strength and hardness
3. High thermal conductivity
4. Good finishing characteristics

Why Choose Us

Advantages

1. Quality control: the defective products rate is 0.1%. Imported material 100%.
2. Reasonable price. Precision made. Experience & reasonable QC that you can reply on.
3. Each part would be given 100% test and tryout before shipment.
4. Adequate supply capacity. Punctual delivery time.

Factory Show

Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

FAQ

Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
