

High Precision Machining Brass CNC Parts Customized OEM ODM Service

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: BS-CNC-035
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Color: As Per Customers' Requirement
- Keyword: CNC Milling Brass Parts
- Sample: Acceptable
- Highlight: **Machining Brass CNC Parts,
Customized Brass CNC Parts,
ODM Machined Brass Parts**

Product Description

High Precision Machining Brass CNC Parts Customized OEM ODM Service

Customized High Precision CNC Brass Machining Parts Aluminum CNC Parts

Description of CNC Brass Machining Parts

CNC Brass Machining parts refer to components that are manufactured from brass using precise machining techniques and processes. Brass, an alloy of copper and zinc, is widely used in various industries due to its excellent properties, including good corrosion resistance, high thermal conductivity, and electrical conductivity.

Precision parts made from brass are carefully crafted to meet tight tolerances and specific dimensional requirements. These parts are often used in applications where accuracy, durability, and reliability are critical.

Specification of CNC Brass Machining Parts

Material	Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade Any Special Brass Material Composition as per customers requirement
Size and Length	Begins from M2 or equivalent threads and up to any size as per custom design or requirement
Threads	ISO Metric (MM Threads) BA, BSW (Inches), UNC, UNF or Any as per custom design
Finish & Coating	Natural, Nickle Plated, Tin Plated brass inserts or any coating as per customer specification.
Tolerance	0.01mm
Application	Laptops plastic shell, plastic shell desktop computers, GPS plastic shell, routers plastic shell, ABS, Aluminum, Fiberglass, Rubber, Thermalplastics, Injection Molding
Machining equipment	heading machine, threading machine, CNC milling&turning machine, general milling & turning machine, grinding machine.

Application Of Brass Precision Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Advantages

1. Quality control: the defective products rate is 0.1%. Imported material 100%.
2. Reasonable price. Precision made. Experience & reasonable QC that you can reply on.
3. Each part would be given 100% test and tryout before shipment.
4. Adequate supply capacity. Punctual delivery time.

FAQ

Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
