

## OEM Fabrication Sheet Metal Stamping Parts Precision Punching Bending Welding Precision Stamping Company

Our Product Introduction

for more products please visit us on [cnc-metalmachining.com](http://cnc-metalmachining.com)

### Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: PMS-XG-036
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

### Product Specification

- Material: Copper, Stainless Steel, Aluminum, Brass, Etc.
- Surface Treatment: Hot Galvanized, Zinc Plating, Nickel Plating, Powder Plating, Anodize
- Process: Stamping, Punching, Bending, Punching Of Stamping Blanks, Stamping + CNC
- Application: Construction, Industrial, Used Widely Industry Auto, Mechanical Equipment, Auto Parts
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Oem: Available
- Quality: ISO9001
- Keywords: Custom Stamping Metal
- Packing: As Customers' Requirement
- Highlight: **OEM Sheet Metal Stamping Parts,**

## Product Description

### What We Can Provide

OEM Fabrication Sheet Metal Stamping Parts Precision Punching Bending Welding Precision Stamping Company

#### Description of Precision Stamping Parts Precision Stamping Company

"Precision Stamping Parts Precision Stamping Company" refers to a specialized manufacturer that focuses on producing high-precision metal components using advanced stamping techniques. This type of company serves various industries by delivering custom, high-quality metal parts that meet exact specifications.

#### High-Precision Manufacturing:

**Advanced Stamping Technology:** Utilizing state-of-the-art stamping machinery and techniques to achieve high precision and consistency in the production of metal parts.

**Complex Geometries:** Capable of producing components with intricate shapes and detailed features, ensuring tight tolerances and high accuracy.

#### Quality Materials:

**Diverse Metal Selection:** Working with a variety of metals such as steel, stainless steel, aluminum, copper, and brass, chosen for their specific properties like strength, durability, and resistance to corrosion.

**Application-Specific Materials:** Selecting materials based on the specific requirements of the application, including factors like conductivity, magnetic properties, and wear resistance.

#### Specification of Precision Stamping Parts Precision Stamping Company

Material	Stainless Steel, Aluminum, Brass, Copper, Steel: carbon steel, alloy steel, etc.
Surface treatment	Sand blasting, polishing, Anodize, zinc/nickel/chrome/ plating,
Process	Power coating, passivation, Heat treatment, etc.
Drawing format	PRO/E, Auto CAD, Solid Works, IGS, UG, CAD/CAM/CAE
Size	customized
Color	White, black, silver, red, grey, Pantone and RAL, etc

#### Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control ( IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

#### Application Of Precision Stamping Parts Precision Stamping Company

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

### Why Choose Us

#### Advantages

1. Quality control: the defective products rate is 0.1%. Imported material 100%.
2. Reasonable price. Precision made. Experience & reasonable QC that you can rely on.
3. Each part would be given 100% test and tryout before shipment.
4. Adequate supply capacity. Punctual delivery time.

## Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful  
with accuracy of guarantee the quality and lead time. guarantee fast lead time

## Strictly Confidential

We will protect the customers' design  
and the customer can request a  
confidentiality agreement

## Quality Inspection

We have a strict quality inspection  
process to ensure the quality of our  
products

## Stainless Steel Material

### Material:

Stainless Steel 201  
Stainless Steel 430  
Stainless Steel 304  
Stainless Steel 316

### Finish:

Mirror Polishing  
Brush Polishing  
Electro Polishing  
Vibration Polishing

## FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length,Hight,Width),CAD or 3D file will be made for you if placed order.
