

Custom Stamping Bending Welding Metal Sheet Parts Processing Manufacture Frame Sheet Metal Stamping Factory

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: MFA-XG-029
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

Product Specification

- Material Capabilities: Stainless Steel, Aluminium, Copper, Brass
- Process: Metal Sheets Fabrication, Welding Cutting Punching Stamping
- Tolerance: +/-0.02mm
- Equipment: Precision Nonstandard Parts, Precision Stamping Parts
- Surface Treatment: Hot Galvanized, Polishing, Zinc-plated, Nickel-plated, Chrome-plated, Silver-plated, Gold-plated, Imitation Gold-plated, Powder Coating, Etc.
- Applications: Automotive, Medical, Telecom, Construction, etc
- Drawing Formats: DWG, DXF, STEP, IGS, AI, PDF, JPG, SKP, Draft.
- Highlight: **Stamping Bending Metal Sheet Parts, Custom Welding Metal Sheet Parts**

Product Description

What We Can Provide

Custom Stamping Bending Welding Metal Sheet Parts Processing Manufacture Frame Sheet Metal Stamping Factory

Description Of Stamping Bending Metal Frame Sheet Metal Stamping Factory

Stamping Bending Metal Frame Sheet Metal Stamping Factory specializes in the design and manufacture of high-precision metal frames and components through stamping and bending processes. These services cater to various industries, offering customized solutions to meet specific requirements.

Customization:

Tailored Solutions: Designing and manufacturing metal frames and components according to specific client requirements and industry standards.

Prototyping: Offering rapid prototyping services to test and validate designs before full-scale production.

Surface Treatments:

Finishing Options: Providing powder coating, anodizing, painting, and other surface treatments to enhance durability, corrosion resistance, and aesthetic appeal.

Deburring and Polishing: Ensuring smooth edges and surfaces for safety and improved visual quality.

Specifications of Stamping Bending Metal Frame Sheet Metal Stamping Factory

Material	Carbon steel, Stainless steel, alloy
Supply capacity	100000pcs
Packing	Poly bag/carton/wooden-case
Sample	Available
Custom ability	Acceptable
Size	According to the drawings
Service Type	OEM/ODM

Applications of Stamping Bending Metal Frame Sheet Metal Stamping Factory

1. Industrial Machinery: Metal frames are used in the construction of industrial machinery and equipment, such as assembly lines, conveyor systems, packaging machines, and robotic systems.
2. Electronic Enclosures: Metal frames are used to create sturdy and protective enclosures for electronic components, control panels, power distribution units, and communication devices.
3. Furniture: Metal frame sheet fabrication is utilized in the production of furniture items, including tables, chairs, desks, shelves, and storage units.

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Our promise

1. Offering design and improvement scheme freely.
2. Offering video and photos with details freely during production.
3. Helping customers to do factory inspection freely for his other Chinese suppliers.
4. Producing completely according to the accuracy of drawings,assembly measurement to detect function and strict quality control to ensure 0 return rate.
5. 99% orders can be ensured delivery time.
6. Quote can be offered within 2 days fastest
7. Delivery time is only 7 days fastest.
8. Responding to the enquiry within 2 hours.

9. The materials we use are optimal.
10. 24 hours online service.
11. The lowest price with the same quality and service.
12. Logistics arrangement with high performance to price ratio.
13. The most suitable packing method to different products.

Multiple Machines

5-Axis CNC & Import Professional machines, skillful workers, machines, skillful workers, with accuracy of 0.01mm, guarantee the quality and lead time. Free fast lead time

Strictly Confidential

We will protect the customers' design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length,Hight,Width),CAD or 3D file will be made for you if placed order.
