

## Sandblast Stainless Steel CNC Parts Precision CNC Machining Parts

Our Product Introduction

for more products please visit us on [cnc-metalmachining.com](http://cnc-metalmachining.com)

### Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: ST-CNC-037
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

### Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized OEM
- Keyword: Stainless Steel Milling Parts
- Quality Control: 100% Inspection Berore Shipment, 100% Full Inspection
- Highlight: **Sandblast Stainless Steel CNC Parts, OEM Precision Stainless Steel CNC Parts**

## Product Description

### What We Can Provide

Custom Stainless Steel CNC Machining Parts Manufacturer Precision CNC Machining Parts

#### Description of Custom Stainless Steel Parts

Stainless steel CNC machining parts are components made from stainless steel materials using Computer Numerical Control (CNC) machining processes. CNC machining is a highly precise and automated manufacturing method that involves using computer-controlled machines to remove material from a workpiece, resulting in the creation of intricate and accurately dimensioned parts. Stainless steel, known for its corrosion resistance and durability, is a popular material choice for a wide range of applications.

**Material Properties:** Stainless steel is a family of iron-based alloys that contains a minimum of 10.5% chromium, which imparts excellent corrosion resistance. Depending on the specific alloy, stainless steel can exhibit varying levels of strength, toughness, and heat resistance.

#### Specification of Custom Stainless Steel Parts

Material	Aluminum, copper, brass, stainless steel, steel, iron, alloy, zinc etc. Other Special Materials: Lucite/Nylon/wood/titanium/etc
Surface Treatment	Anodizing, Brushing, Galvanized, laser engraving, Silk printing, polishing, Powder coating, etc
Tolerance	+/-0.01mm, 100% QC quality inspection before delivery, can provide quality inspection form
Testing equipment	CMM; Tool microscope; multi-joint arm; Automatic height gauge; Manual height gauge; Dial gauge; Marble platform; Roughness measurement
Processing	CNC turning, CNC milling, CNC machining, Grinding, EDM wire cutting
File Formats	Solid Works, Pro/Engineer, AutoCAD(DXF, DWG), PDF, TIF etc.

#### Application Of Custom Stainless Steel Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical Equipments Mechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

#### Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control ( IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

### Why Choose Us

#### Advantages

1. Quality control: the defective products rate is 0.1%. Imported material 100%.
2. Reasonable price. Precision made. Experience & reasonable QC that you can rely on.
3. Each part would be given 100% test and tryout before shipment.
4. Adequate supply capacity. Punctual delivery time.

## Factory Show

# Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

## FAQ

### Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

### Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

### Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

### Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

### Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

### Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
