

Metal CNC Machining Parts Custom Precision Metal Milling Turning Service

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: TN-CNC-036
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers'packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 20000pcs per week

Product Specification

- Type: CNC Machining, CNC Turning
- Cnc Machining Or Not: CNC Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodizing, Brush, Anodized, Painting/Powder Coating/Sandblast/Color Anodize/Polish/Oxidation
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized Machining
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Keyword: CNC Lathe Turning Parts
- Drawing Format: IGS STP STL, IGS, STL, STEP, PDF/DWG/IGS/STL/STP/ Etc
- Highlight: **Custom Metal CNC Machining Parts, Precision Metal CNC Machining Parts**

Product Description

What We Can Provide

OEM Custom Precision Metal Milling Turning Service Metal CNC Machining Parts

Description of CNC Turning Metal Parts

CNC machining turning parts are components produced through a precision manufacturing process known as CNC (Computer Numerical Control) turning. This process involves the use of a lathe machine equipped with computer-controlled cutting tools to create intricate shapes and designs in various materials. CNC machining turning parts are widely used in industries such as aerospace, automotive, electronics, medical, and more due to their high precision and versatility.

Precision Manufacturing: CNC turning is known for its exceptional precision. Computer-controlled tools enable accurate and consistent cutting, resulting in parts with tight tolerances and precise dimensions.

Specification of CNC Turning Metal Parts

Product Name	CNC Turning Metal Parts
Material	Brass, Steel, Metal, Copper, Aluminum, Nickle, Iron, alloy (contact us if your required material is not listed above)
Length/ Size	Customized, according to customers' requirements
Application	Industrial Equipment
Thread	As per standard and customized (BSP, BSPT & NPT etc)
Sample	Available

Application Of CNC Machining Turning Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Our Advantages

1. Small details make big difference. We promise:All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.
2. The craftsmanship of all parts we machined is controlled rigorously, Every product has its own process card and process chart.
3. Our quality inspection procedure is quite strict.it must self-inspected during production, we have flow inspectors and professional inspectors.
4. Each size of product must be tested one by one after completing production and provide quality report.
5. The most important point, we are the entity factory, not trading company. Price is the composition of the actual product quality price. Quality can guarantee more controllable higher than trading company. The price is competitive, at least reducing the trade company's service fee.
6. We have many years of export experience,exports to the US,Europe, Japan and other countries and regions.

Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

FAQ

1. How can I get the price? - We usually quote within 24 hours after we get your inquiry (except weekend and holidays). If you are urgent to get the price, please email us or contact us in other ways so that we can offer you a quote.
2. Can I buy samples? - Yes. Please feel free to contact us.
3. What is your lead time? - It depends on the order quantity and the season you place the order. Usually we can ship within 7-15 days for small quantity, and about 30 days for large quantity.
4. What is your payment term? - T/T, Western Union, MoneyGram, and Paypal. This is negotiable.
5. What is the shipping method? - It could be shipped by sea, by air, or by express (EMS, UPS, DHL, TNT, FEDEX etc). Please confirm with us before placing orders.
6. How do you make our business long-term and good relationship? - We keep good quality and competitive price to ensure our customers benefit. Furthermore, we respect every customer as our friend and we sincerely do business and make friends with them, no matter where they come from.
