

Oem Stainless Steel Cnc Parts Custom Precision Milling Turning Machining Services

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: ST-CNC-041
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers'packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized OEM
- Keyword: Stainless Steel Milling Parts
- Quality Control: 100% Inspection Berore Shipment, 100% Full Inspection
- Highlight: **oem stainless steel cnc parts, ISO stainless steel cnc parts**

Product Description

What We Can Provide

High Quality OEM Custom Precision CNC Milling Turning Machining Services CNC Stainless Steel Parts

Description of High Quality CNC Stainless Steel Parts

Stainless steel CNC machining parts are components made from stainless steel materials using Computer Numerical Control (CNC) machining processes. CNC machining is a highly precise and automated manufacturing method that involves using computer-controlled machines to remove material from a workpiece, resulting in the creation of intricate and accurately dimensioned parts. Stainless steel, known for its corrosion resistance and durability, is a popular material choice for a wide range of applications.

Material Properties: Stainless steel is a family of iron-based alloys that contains a minimum of 10.5% chromium, which imparts excellent corrosion resistance. Depending on the specific alloy, stainless steel can exhibit varying levels of strength, toughness, and heat resistance.

Specification of High Quality CNC Stainless Steel Parts

Item	Value
CNC Machining or Not	Cnc Machining
Type	DRILLING, Laser Machining, Milling, Other Machining Services, Turning
Material Capabilities	Aluminum, Brass, Copper, Stainless Steel
Micro Machining or Not	Micro Machining
Place of Origin	China Guangdong
Product name	CNC machining parts
Processing way	CNC turning, CNC milling, CNC machining, Grinding, EDM wire cutting
Material	Aluminum, Customized
Tolerance	0.005, Provide QC report files
Surface treatment	Customer's Request
MOQ	1-500PCS
Lead time	3-15Days
Drawing Format	STEP, IGES, PDF
Certification	ISO13485
Advantages	Fast delivery/high quality/moderate price
Our Service	Custom Machining CNC Parts

Application Of High Quality CNC Stainless Steel Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical Equipments Mechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Our promise

1. Offering design and improvement scheme freely.
2. Offering video and photos with details freely during production.
3. Helping customers to do factory inspection freely for his other Chinese suppliers.

4. Producing completely according to the accuracy of drawings, assembly measurement to detect function and strict quality control to ensure 0 return rate.
5. 99% orders can be ensured delivery time.
6. Quote can be offered within 2 days fastest
7. Delivery time is only 7 days fastest.
8. Responding to the enquiry within 2 hours.
9. The materials we use are optimal.
10. 24 hours online service.
11. The lowest price with the same quality and service.
12. Logistics arrangement with high performance to price ratio.
13. The most suitable packing method to different products.

Injection Molding machine

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length,Hight,Width),CAD or 3D file will be made for you if placed order.
