

Custom Machining Brass Cnc Parts Sandblast

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: BS-CNC-044
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Color: As Per Customers' Requirement
- Keyword: CNC Milling Brass Parts
- Sample: Acceptable
- Highlight: **sandblast brass cnc parts, custom machining brass cnc parts, sandblast brass cnc machining**

Product Description

What We Can Provide

High Quality Reasonable Price CNC Brass Parts Custom CNC Machining Parts

Description of High Quality CNC Brass Parts

Precision CNC brass parts are custom-made components manufactured using Computer Numerical Control (CNC) machining processes from brass material. These parts are characterized by their exceptional precision, accuracy, and high-quality finish. Brass, a copper-zinc alloy, is a popular choice for precision machining due to its excellent machinability, corrosion resistance, and electrical conductivity. Precision CNC brass parts are widely used in various industries, including automotive, electronics, aerospace, plumbing, and more.

Material Selection: Brass is chosen for its unique properties, including corrosion resistance, electrical conductivity, and a golden appearance. Different brass alloys, such as C36000 (free-cutting brass) or C46400 (naval brass), can be used to meet specific requirements.

Specification of High Quality CNC Brass Parts

| | |
|-----------------------|---|
| Accept Drawing Format | jpg /.pdf /.dwg/.igs./.stp etc. |
| Tolerance | +/-0.005 mm - 0.01 mm (Customized available) |
| Processing | Turning, Milling, Drilling, Auto lathe, Tapping, Surface treatment, CNC milling, CNC turning, CNC auto machining, etc. |
| Material Available | Aluminum: AL2024, AL5052, AL6061, AL6063, AL6082, AL7075, etc. Stainless steel: SS201, SS301, SS303, SS304, SS316, SS416, etc. Brass: C24000, C26000, C28000, C35600, C36000, C37000, etc. Copper: C10100, C11000, C12000, C12200, etc. Plastic: POM, PEEK, Teflon, Nylon, Delrin, etc. Iron: Q235, Q345b, 1214/1215, 45#, 20#, 4140/4130, etc. |
| Surface Treatment | Aluminum Parts: Clear Anodized, Color Anodized, Sandblast Anodized, Chroming, Brushing, Polishing, etc. Stainless Steel Parts: Polishing, Passivating, Sandblasting, Laser engraving, Electrophoresis black, Oxide black, etc. Steel Parts: Zinc Plating, Oxide black, Nickel Plating, Powder Coated, Heat treatment, Chrome Plating, etc. Brass Parts: Nickel Plating, chrome plating, Electrophoresis black, Powder coated, Gold plating, etc. |

Application Of High Quality CNC Brass Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical Equipments Mechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Our promise

1. Offering design and improvement scheme freely.
2. Offering video and photos with details freely during production.
3. Helping customers to do factory inspection freely for his other Chinese suppliers.
4. Producing completely according to the accuracy of drawings, assembly measurement to detect function and strict quality

control to ensure 0 return rate.

5. 99% orders can be ensured delivery time.

6. Quote can be offered within 2 days fastest

7. Delivery time is only 7 days fastest.

8. Responding to the enquiry within 2 hours.

9. The materials we use are optimal.

10. 24 hours online service.

11. The lowest price with the same quality and service.

12. Logistics arrangement with high performance to price ratio.

13. The most suitable packing method to different products.

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length,Height,Width),CAD or 3D file will be made for you if placed order.
