

## High Precision Brush Cnc Machining Turning Parts Custom Aluminum Stainless Steel

Our Product Introduction

for more products please visit us on [cnc-metalmachining.com](http://cnc-metalmachining.com)

### Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: AL-CNC-044
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

### Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodizing, Brush, Anodized, Painting/Powder Coating/Sandblast/Color Anodize/Polish/Oxidation
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Keyword: Aluminum Enclosure Box
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized OEM
- Sample: Acceptable
- Highlight: **brush cnc machining turning parts, high precision cnc machining turning parts, brush stainless steel cnc turned parts**

## Product Description

### What We Can Provide

High Precision Custom Aluminum Stainless Steel CNC Machining Turning Parts

#### Description of High Precision Customized CNC Aluminum Parts

High Precision Customized CNC Aluminum Parts refer to components made from aluminum using Computer Numerical Control (CNC) machining processes.

**Material Expertise:** Aluminum is chosen for its lightweight properties, corrosion resistance, and excellent strength-to-weight ratio. CNC machining allows for precise shaping and customization of aluminum parts according to specific design requirements.

**Customization:** CNC machining of aluminum offers a high degree of customization. Engineers and machinists can create intricate designs, complex geometries, and detailed features, ensuring that the final parts meet precise specifications. This customization is vital for industries where unique or highly specialized components are required.

#### Specification of High Precision Customized CNC Aluminum Parts

Surface treatment	Plating, Brushing, Polishing, Anodizing, Sandblasting, Knurling, or customer's requirements
Material Capacities	Metal: Aluminum alloy, stainless steel, brass, copper, tool steel, carbon steel, iron, Plastic, etc
CNC processing	CNC center, lathe, milling machine, grinder machine, etc...
Application	Optical instrument, Automotive, Electronic device, Digital communication, UAV, Aerospace, Bicycle, etc
Drawing Format	IGS, STP, X_T, DXF, DWG, Pro/E, PDF, PNG, JPG
Delivery	DHL, FedEx, EMS, UPS, or customer's requirements

#### Application Of High Precision Customized CNC Aluminum Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

#### Feature Of High Precision Customized CNC Aluminum Parts

1. Good corrosion resistance
2. High strength and hardness
3. High thermal conductivity
4. Good finishing characteristics

### Why Choose Us

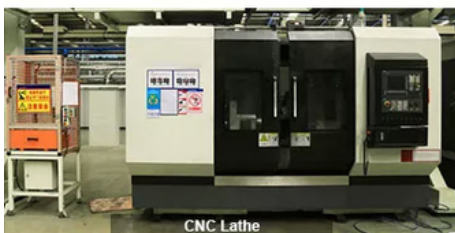

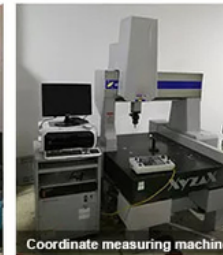

#### Our promise

1. Offering design and improvement scheme freely.
2. Offering video and photos with details freely during production.
3. Helping customers to do factory inspection freely for his other Chinese suppliers.
4. Producing completely according to the accuracy of drawings, assembly measurement to detect function and strict quality control to ensure 0 return rate.
5. 99% orders can be ensured delivery time.
6. Quote can be offered within 2 days fastest
7. Delivery time is only 7 days fastest.
8. Responding to the enquiry within 2 hours.
9. The materials we use are optimal.

10. 24 hours online service.
11. The lowest price with the same quality and service.
12. Logistics arrangement with high performance to price ratio.
13. The most suitable packing method to different products.

## FAQ

### Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

### Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

### Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

### Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

### Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

### Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
