

Plating Aluminum Cnc Parts Machining Milling Turning Corrosion Resistance

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: AL-CNC-045
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers'packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodizing, Brush, Anodized, Painting/Powder Coating/Sandblast/Color Anodize/Polish/Oxidation
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Keyword: Aluminum Enclosure Box
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized OEM
- Sample: Acceptable
- Highlight: **plating aluminum cnc parts, corrosion resistance aluminum cnc parts, plating aluminum cnc machining parts**

Product Description

What We Can Provide

Custom High Precision Aluminum Stainless Steel CNC Machining Milling Turning Parts

Description of Custom Aluminum CNC Machining Parts

High-quality CNC aluminum parts are precision-engineered components manufactured using advanced Computer Numerical Control (CNC) machining processes. These parts are known for their exceptional strength-to-weight ratio, corrosion resistance, and versatility.

Aluminum Grades: High-quality CNC machining supports various grades of aluminum, including 6061, 7075, and 2024, each tailored for specific applications due to their unique properties.

Other Materials: CNC machines can work with other materials in conjunction with aluminum, such as plastics and composites, enabling the creation of hybrid parts.

Specification of Custom Aluminum CNC Machining Parts

Surface treatment	Plating, Brushing, Polishing, Anodizing, Sandblasting, Knurling, or customer's requirements
Material Capacities	Metal: Aluminum alloy, stainless steel, brass, copper, tool steel, carbon steel, iron, Plastic, etc
CNC processing	CNC center, lathe, milling machine, grinder machine, etc...
Application	Optical instrument, Automotive, Electronic device, Digital communication, UAV, Aerospace, Bicycle, etc
Drawing Format	IGS, STP, X_T, DXF, DWG, Pro/E, PDF, PNG, JPG
Delivery	DHL, FedEx, EMS, UPS, or customer's requirements

Application Of Custom Aluminum CNC Machining Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Feature Of Custom Aluminum CNC Machining Parts

1. Good corrosion resistance
2. High strength and hardness
3. High thermal conductivity
4. Good finishing characteristics

Why Choose Us

Our promise

1. Offering design and improvement scheme freely.
2. Offering video and photos with details freely during production.
3. Helping customers to do factory inspection freely for his other Chinese suppliers.
4. Producing completely according to the accuracy of drawings,assembly measurement to detect function and strict quality control to ensure 0 return rate.
5. 99% orders can be ensured delivery time.
6. Quote can be offered within 2 days fastest
7. Delivery time is only 7 days fastest.
8. Responding to the enquiry within 2 hours.
9. The materials we use are optimal.
10. 24 hours online service.

11. The lowest price with the same quality and service.
12. Logistics arrangement with high performance to price ratio.
13. The most suitable packing method to different products.

CNC Punching Machine

Injection Molding machine

FAQ

Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
