

Sandblast Stainless Steel Cnc Machining Parts Oem Customized

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: ST-CNC-046
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers'packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: Customized OEM
- Keyword: Stainless Steel Milling Parts
- Quality Control: 100% Inspection Berore Shipment, 100% Full Inspection
- Highlight: **sandblast stainless steel cnc machining parts, oem stainless steel cnc machining parts, sandblast cnc stainless steel parts**

Product Description

cnc machining metal parts machine processing high-quality stainless steel cnc milling parts

What We Can Provide

OEM Customized CNC Machining Metal Parts Machine Processing High-quality Stainless Steel CNC Milling Parts

Description of High Quality OEM CNC Stainless Steel Parts

High-quality OEM CNC stainless steel parts are precision-engineered components manufactured through the Computer Numerical Control (CNC) machining process, utilizing stainless steel as the primary material.

Customization and Complexity:

Tailored to Specifications: OEM CNC stainless steel parts are customized to meet exact design specifications provided by the client.

Complex Geometries: CNC machining allows for the production of parts with intricate designs, tight tolerances, and complex features.

Tight Tolerances:

High Precision: CNC machining ensures tight tolerances, resulting in parts that meet precise dimensional requirements.

Consistency: High-quality machining processes ensure consistency across production runs.

Specification of High Quality OEM CNC Stainless Steel Parts

Material Available

Stainless Steel	SS201, 3031, 304, 316, 17-4PH, SS303, SS304, SS316 etc.
Steel	4140, 4340, middle steel, Carbon steel, Q235, 20#, 45# etc.
Brass	C36000(C26800), C37700(HPb59), C38500(HPb58), C27200(CuZn37), C28000(CuZn40)
Bronze	C51000, C52100, C54400, etc.
Aluminum	6082, 6061, A380, Al6061, Al6063, AL7075, AL5052 etc.
Iron	1213, 12L14, 1215 etc.
Plastic	ABS, PC, POM, Delrin, Nylon, Teflon, PP etc.

Surface finish

Aluminum parts	Stainless Steel parts	Steel	Plastic
Natural anodize	Polishing	Blackened	Plating gold (ABS)
Hard anodize	Plating	Zinc plating	Laser engraving
Powder coating	Sandblasting	Nickel plating	Painting
Sandblasting	Laser engraving	Chrome plating	Brushing (Acrylic)
Plating		Carburized	
Brushing		Hot treatment	
Polishing			
Laser engraving			

Application Of High Quality OEM CNC Stainless Steel Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical Equipments Mechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Our Advantages

1. Small details make big difference. We promise: All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.
2. The craftsmanship of all parts we machined is controlled rigorously, Every product has its own process card and process chart.
3. Our quality inspection procedure is quite strict. It must self-inspected during production, we have flow inspectors and professional inspectors.
4. Each size of product must be tested one by one after completing production and provide quality report.
5. The most important point, we are the entity factory, not trading company. Price is the composition of the actual product quality price. Quality can guarantee more controllable higher than trading company. The price is competitive, at least reducing the trade company's service fee.
6. We have many years of export experience, exports to the US, Europe, Japan and other countries and regions.

Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
