- Supply Ability:

Product Specification

• Material:	Copper, Stainless Steel, Aluminum, Brass, Etc.
Surface Treatment:	Hot Galvanized, Zinc Plating, Nickel Plating, Powder Plating, Anodize
• Process:	Stamping, Punching, Bending, Punching Of Stamping Blanks, Stamping + CNC
Application:	Construction, Industrial, Used Widely Industry Auto, Mechanical Equipment, Auto Parts
Service:	OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
• Tolerance:	0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
• Oem:	Available
Quality:	ISO9001
 Keywords: 	Custom Stamping Metal
• Packing:	As Customers' Requirement
Highlight:	Laser Cutting Metal Stamping Parts,

What We Can Provide

Precision Custom Sheet Metal Stamping Part Laser Cutting Sheet Metal Fabrication Service Precision Stamping Manufacturer

Description of Customized Precise Quality Metal Stamping Parts Precision Stamping Manufacturer

"Customized Precise Quality Metal Stamping Parts Precision Stamping Manufacturer" refers to a specialized manufacturer offering customized, high-precision metal stamping parts tailored to meet specific requirements.

Quality Metal Stamping Parts:

Material Excellence: Utilizing a variety of high-quality metals, such as steel, aluminum, brass, and copper, to produce durable and reliable stamped parts.

Wide Range of Applications: Metal stamping parts find applications across various industries, including automotive, electronics, aerospace, and construction, due to their versatility and durability.

Precision Stamping Manufacturer:

Expertise in Stamping: Specializing in the stamping process, this manufacturer has the expertise and capabilities to produce complex stamped parts with high precision.

Quality Assurance: Adhering to strict quality control measures to ensure that all stamped parts meet the required specifications and standards.

Specification of Customized Precise Quality Metal Stamping Parts Precision Stamping Manufacturer

Product	Custom Sheet Metal Fabrication Laser Cutting Bending Sheet Metal Stamping Parts	
Material	Stainless Steel, Carbon Steel(Q235), Aluminum(6061,6063, 5052), Copper, Brass etc.	
Process	Bending, Stamping, Welding	
Finish	Zinc Plating, Mirror Polished, Brush Polished, Paint, Anodic Oxidation, Powder Coated	
Package	Plywood Box + Plywood Pallet, Plywood Box	
OEM Service	Accept	

Quality Control

- 1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
- 2. Checking the details before the production line operated
- 3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
- 4. Checking the goods after they are finished---- Final quality control(FQC)
- 5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of Customized Precise Quality Metal Stamping Parts Precision Stamping Manufacturer

- 1. Auto Components Hardware Parts Auto Parts
- 2. Communication Equipment
- 3. Industrial Equipment
- 4. Medical EquipmentsMechanical Parts
- 5. Ship Accessories
- 6. Electrical Equipment
- 7. Mechanical Equipment

Why Choose Us

Our Advantages

1. Small details make big difference. We promise:All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.

2. The craftsmanship of all parts we machined is controlled rigorously, Every product has its own process card and process chart.

3. Our quality inspection procedure is quite strict.it must self-inspected during production, we have flow inspectors and professional inspectors.

4. Each size of product must be tested one by one after completing production and provide quality report.

5. The most important point, we are the entity factory, not trading company. Price is the composition of the actual product quality price. Quality can guarantee more controllable higher than trading company. The price is competitive, at least reducing the trade company's service fee.

6. We have many years of export experience, exports to the US, Europe, Japan and other countries and regions.

7. Our team are more professional. We have more reasonable price and better quality controlling than trade company. And our language ability is also diversified.

Multipe Machines Professional machines, skillful workers, guarantee the quality and lead time.

Strictly Confidential

We will protect the customers'design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

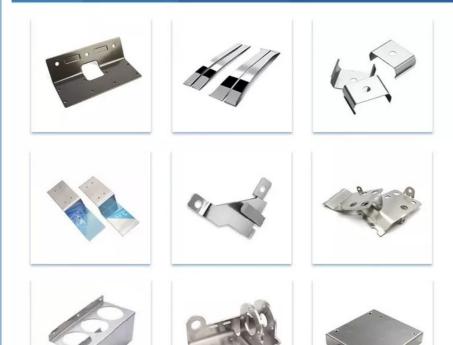

Stainless Steel Material

Material:

Stainless Steel 201 Stainless Steel 430 Stainless Steel 304 Stainless Steel 316

Finish:

Mirror Polishing Brush Polishing Electro Polishing Vibration Polishing

FAQ

Q1: Where can I get product & price information?

A1:Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2:Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3:Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5:We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6:Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Hight, Width), CAD or 3D file will be made for you if placed order.
