

Precision Case Metal Steel Stamping Parts Sheet Metal Fabrication Customized Precision Stamping Products Supplier

Basic Information

Place of Origin:
 Shenzhen China

Brand Name: Xiange

Certification: ISO9001:2015Model Number: PMS-XG-047

Minimum Order Quantity: 1 pcs

• Price: USD \$0.1-\$1.99

Packaging Details: Carton, As Customers'packaging

requirements

Delivery Time: Samples 7-10 days, Mass production 20-25

days

Payment Terms: T/T, Western Union, MoneyGram

Supply Ability: 50000 pcs per week

Product Specification

Material: Copper, Stainless Steel, Aluminum, Brass,

The

Etc.

• Surface Treatment: Hot Galvanized, Zinc Plating, Nickel Plating,

Powder Plating, Anodize

Process: Stamping, Punching, Bending, Punching Of

Stamping Blanks, Stamping + CNC

Application: Construction, Industrial, Used Widely

Industry Auto, Mechanical Equipment, Auto

Parts

• Service: OEM/ODM, OEM ODM Metal Stamping,

Customized OEM OEM ODM, OEM Service

• Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm

Oem: AvailableQuality: ISO9001

Keywords: Custom Stamping MetalPacking: As Customers' Requirement

Highlight: Sheet Metal Fabrication Precision Stamping

Product Description

What We Can Provide

Precision Case Metal Steel Stamping Parts Sheet Metal Fabrication Customized Precision Stamping Products Supplier

Description of Stamping Bending Parts Die Precision Stamping Sheet Metal Fabrication Precision Stamping Products Supplier

A Stamping Bending Parts Die Precision Stamping Sheet Metal Fabrication Precision Stamping Products Supplier is a company that specializes in providing precision-engineered stamping and bending parts, dies, and sheet metal fabrication services, as well as precision stamping products, to customers in various industries.

This type of supplier is equipped with advanced machinery and equipment that enable them to produce high-quality stamping and bending parts with tight tolerances and intricate details. They have a team of skilled engineers and technicians who are capable of designing and manufacturing custom dies for stamping processes, ensuring that the final products meet the specific requirements of their customers.

In addition to stamping and bending services, this supplier also offers comprehensive sheet metal fabrication services, which include cutting, punching, welding, and assembly of sheet metal components. These services allow them to produce a wide range of precision stamping products, such as brackets, enclosures, housings, and other metal components, for various applications.

As a supplier, they work closely with their customers to understand their specific needs and requirements, and provide them with customized solutions that meet their expectations. They also offer ongoing support and assistance throughout the production process, ensuring that the final products are delivered on time and to the highest standards of quality.

Specification of Stamping Bending Parts Die Precision Stamping Sheet Metal Fabrication Precision Stamping Products Supplier

| Name | Custom OEM Laser Cutting Sheet Metal Fabrication Services Copper Stainless Steel Anodised Aluminum Metal Stamping bending Parts |
|----------------------|--|
| Material | Zn-plating, Ni-plating, Cr-plating, Tin-plating, copper-plating, the wreath oxygen resin spraying, the heat disposing, hot-dip galvanizing, black oxide coating, painting, powdering, color zinc-plated, blue black zinc-plated, rust preventive oil, titanium alloy galvanized, silver plating, plastic, electroplating, anodizing etc. |
| Applications | Automotive, instrument, electrical equipment, household appliances, furniture, mechanical equipment, daily living equipment, electronic sports equipment, light industry products, sanitation machinery, market/ hotel equipment supplies, artware etc. |
| Packaging | Regular: Paper, Foam, OPP bag, Carton; Other: According to customers' requirements |
| Testing Equipment | Projecting apparatus, Salt Spray Test, Durometer, and Coating thickness tester |
| Tolerance | ±0.01-0.05mm |
| Drawing | JPG, PDF, CAD, DWG, STP, STEP |

Quality Control

- 1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
- 2. Checking the details before the production line operated
- 3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
- 4. Checking the goods after they are finished---- Final quality control(FQC)
- 5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of Stamping Bending Parts Die Precision Stamping Sheet Metal Fabrication Precision Stamping Products Supplier

- 1. Auto Components Hardware Parts Auto Parts
- 2. Communication Equipment
- 3. Industrial Equipment
- 4. Medical EquipmentsMechanical Parts
- 5. Ship Accessories
- 6. Electrical Equipment
- 7. Mechanical Equipment

Why Choose Us

- 1. Quality control: the defective products rate is 0.1%. Imported material 100%.
- 2. Reasonable price. Precision made. Experience & reasonable QC that you can reply on.
- 3. Each part would be given 100% test and tryout before shipment.
- 4. Adequate supply capacity. Punctual delivery time.

Multipe Machines

Professional machines, skillful workers, guarantee the quality and lead time.

Strictly Confidential

We will protect the customers'design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

Stainless Steel Material

Material:

Stainless Steel 201 Stainless Steel 430 Stainless Steel 304

Stainless Steel 316

Finish:

Mirror Polishing **Brush Polishing Electro Polishing** Vibration Polishing

FAQ

Q1: Where can I get product & price information?

A1:Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2:Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3:Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5:We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6:Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Hight, Width), CAD or 3D file will be made for you if placed order.
