

## Custom Sheet Metal Fabrication Parts High Precision Laser Cutting Welding Metal Precision Stamping Shell Manufacturer

### Our Product Introduction

for more products please visit us on [cnc-metalmachining.com](http://cnc-metalmachining.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Xiange
- Certification: ISO 9001:2015 SGS RoHS
- Model Number: MF-XG-24
- Minimum Order Quantity: 1 pcs
- Price: USD 1\$-2\$
- Packaging Details: Carton Wooden case
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10 SET per week

#### Product Specification

- Material Capabilities: Stainless Steel, Aluminium, Copper, Brass
- Products: Metal Equipment Shell
- Process: Metal Sheets Fabrication, Welding Cutting Punching Stamping
- Application: Electronic Equipment Sheet Metal Shell, Custom Control Box Cabinet Chassis Shell
- OEM/ODM: Acceptable
- Equipment: Precision Nonstandard Parts
- Surface Treatment: Powder Coated, Hot Galvanized, Painting, Polishing, Spray Coating, Brushing, Cathaphoresis, Sandblasting, Electroplate Chrome/Zinc/Nickel Plating/Anodize/Electronic Polish, Silk-screen Etc;
- Package: Platic Bag ,Blister Box ,Tap Reel Or As Your Required
- Used: Computer, Telecom, mechical ,electronics, appliance, military, aerospace.

## Product Description

### What We Can Provide

Custom Sheet Metal Fabrication Parts High Precision Laser Cutting Welding Metal Precision Stamping Shell Manufacturer

#### Description of High Precision OEM Bending Aircraft CNC Copper Welding Frame Metal Precision Stamping Shell Manufacturer

A High Precision OEM Bending Aircraft CNC Copper Welding Frame Metal Precision Stamping Shell Manufacturer is a company that specializes in the production of high-precision metal components and assemblies for use in the aerospace, automotive, electronics, and other industries. This manufacturer excels in a range of manufacturing processes and techniques, enabling it to produce complex and custom-designed parts that meet the demanding requirements of its customers.

**High Precision Bending:** The manufacturer utilizes advanced bending equipment and techniques to form metal sheets, plates, or tubes into precise shapes and angles. This precision bending is essential for components used in aircraft, where even minor deviations from specifications can impact safety and performance.

**OEM (Original Equipment Manufacturer) Capabilities:** As an OEM, this manufacturer provides customized solutions to customers by designing and manufacturing metal components and assemblies according to their unique requirements. This may involve reverse engineering existing parts, designing new components from scratch, or modifying existing designs to meet new specifications or performance criteria.

**CNC (Computer Numerical Control) Machining:** The manufacturer employs CNC machines to perform precise cutting, drilling, milling, and other machining operations on metal materials. CNC machining ensures high levels of accuracy and repeatability, resulting in components with tight tolerances and exceptional quality.

#### Specification of High Precision OEM Bending Aircraft CNC Copper Welding Frame Metal Precision Stamping Shell Manufacturer

Product	Custom Sheet Metal Fabrication Laser Cutting Bending Sheet Metal Stamping Parts
Material	Stainless Steel, Carbon Steel(Q235), Aluminum(6061,6063, 5052), Copper, Brass etc.
Process	Bending, Stamping, Welding
Finish	Zinc Plating, Mirror Polished, Brush Polished, Paint, Anodic Oxidation, Powder Coated
Package	Plywood Box + Plywood Pallet, Plywood Box
OEM Service	Accept

#### Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control ( IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

#### Application Of High Precision OEM Bending Aircraft CNC Copper Welding Frame Metal Precision Stamping Shell Manufacturer

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

### Why Choose Us

#### Our Advantages

1. Small details make big difference. We promise:All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.
2. The craftsmanship of all parts we machined is controlled rigorously, Every product has its own process card and process chart.
3. Our quality inspection procedure is quite strict.it must self-inspected during production, we have flow inspectors and professional inspectors.

4. Each size of product must be tested one by one after completing production and provide quality report.
5. The most important point, we are the entity factory, not trading company. Price is the composition of the actual product quality price. Quality can guarantee more controllable higher than trading company. The price is competitive, at least reducing the trade company's service fee.
6. We have many years of export experience, exports to the US, Europe, Japan and other countries and regions.
7. Our team are more professional. We have more reasonable price and better quality controlling than trade company. And our language ability is also diversified.

## Multiple Machines

5-Axis CNC & Import Professional machines, skillful workers, machines, skillful workers, with accuracy & guarantee the quality and lead time. free fast lead time

## Strictly Confidential

We will protect the customers' design and the customer can request a confidentiality agreement

## Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

# Stainless Steel Material

## Material:

Stainless Steel 201  
Stainless Steel 430  
Stainless Steel 304  
Stainless Steel 316

## Finish:

Mirror Polishing  
Brush Polishing  
Electro Polishing  
Vibration Polishing

## FAQ

### Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

### Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

### Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

### Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

### Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

### Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
