

Custom Sheet Metal Fabrication Parts High Precision Laser Cutting Welding Metal Stamping Case Manufacturer

Basic Information

- Place of Origin:
- Brand Name:
- Certification:
- Model Number:
- Minimum Order Quantity: 1 pcs
- Price:
- Packaging Details:
- Delivery Time:
- Payment Terms: T/T, Western Union, MoneyGram

China

Xiange

Carton Wooden case

10 SET per week

ISO 9001:2015 SGS RoHS

Supply Ability:

Product Specification

 Material Capabilities: 	Stainless Steel, Aluminium, Copper, Brass
Products:	Metal Eauipment Shell
• Process:	Metal Sheets Fabrication,Welding Cutting Punching Stamping
Application:	Electronic Equipment Sheet Metal Shell ,Custom Control Box Cabinet Chassis Shell
• OEM/ODM:	Acceptable
Equipment:	Precision Nonstandard Parts
 Surface Treatment: 	Powder Coated, Hot Galvanized, Painting, Polishing, Spray Coating, Brushing, Cataphoresis, Sandblasting, Electroplate Chrome/Zinc/Nickel Plating/Anodize/Electronic Polish, Silk- screen Etc;
• Package:	Platic Bag ,Blister Box ,Tap Reel Or As Your Required
• Used:	Computer,Telecom,mechical ,electronics,appliance,military,aerospace.

What We Can Provide

Custom Sheet Metal Fabrication Parts High Precision Laser Cutting Welding Metal Stamping Case Manufacturer

Description of High Precision OEM Bending Aircraft CNC Copper Welding Frame Metal Stamping Case Manufacturer

A High Precision OEM Bending Aircraft CNC Copper Welding Frame Metal Stamping Case Manufacturer is a company that specializes in the design, production, and assembly of high-quality metal cases and enclosures for aircraft components. This manufacturer possesses extensive expertise in precision bending, CNC machining, copper welding, metal stamping, and the fabrication of intricate frames and cases tailored specifically for aerospace applications.

Custom Design and Engineering: The manufacturer offers custom design and engineering services to create unique solutions for each client's specific needs. They work closely with clients from the initial concept stage to the final product design, incorporating their expertise and industry knowledge to ensure that the cases are optimized for performance, safety, and cost-effectiveness.

Precision Manufacturing: Utilizing state-of-the-art equipment and technology, the manufacturer produces metal cases and enclosures with exceptional precision and accuracy. They have the capability to manufacture complex geometries and tight tolerances, ensuring that the cases fit perfectly with the aircraft components they are designed to protect or house.

CNC Copper Welding: The manufacturer employs CNC technology for copper welding, enabling precise and reliable joins of copper components. This process is crucial for aerospace applications, where the integrity of the joints is paramount to the overall safety and performance of the component.

Specification of High Precision OEM Bending Aircraft CNC Copper Welding Frame Metal Stamping Case Manufacturer

Custom Sheet Metal Fabrication Laser Cutting Bending Sheet Metal	
Stamping Parts	
Stainless Steel, Carbon Steel(Q235), Aluminum(6061,6063, 5052), Copper,	
Brass etc.	
Bending, Stamping, Welding	
Zinc Plating, Mirror Polished, Brush Polished, Paint, Anodic Oxidation,	
Powder Coated	
Plywood Box + Plywood Pallet, Plywood Box

Quality Control

- 1. Checking the raw material after they reach our factory------ Incoming quality control (IQC)
- 2. Checking the details before the production line operated
- 3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
- 4. Checking the goods after they are finished---- Final quality control(FQC)
- 5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of High Precision OEM Bending Aircraft CNC Copper Welding Frame Metal Stamping Case Manufacturer

- 1. Auto Components Hardware Parts Auto Parts
- 2. Communication Equipment
- 3. Industrial Equipment
- 4. Medical EquipmentsMechanical Parts
- 5. Ship Accessories
- 6. Electrical Equipment
- 7. Mechanical Equipment

Why Choose Us

Our Advantages

1. Small details make big difference. We promise:All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.

2. The craftsmanship of all parts we machined is controlled rigorously, Every product has its own process card and process chart.

3. Our quality inspection procedure is quite strict.it must self-inspected during production, we have flow inspectors and professional inspectors.

- 4. Each size of product must be tested one by one after completing production and provide quality report.
- 5. The most important point, we are the entity factory, not trading company. Price is the composition of the actual product

quality price. Quality can guarantee more controllable higher than trading company. The price is competitive, at least reducing the trade company's service fee.

6. We have many years of export experience, exports to the US, Europe, Japan and other countries and regions.

7. Our team are more professional. We have more reasonable price and better quality controlling than trade company. And our language ability is also diversified.

Multipe Machines

Professional machines, skillful workers, guarantee the quality and lead time.

Strictly Confidential

We will protect the customers'design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

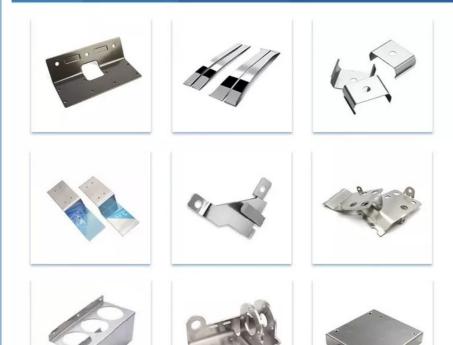

Stainless Steel Material

Material:

Stainless Steel 201 Stainless Steel 430 Stainless Steel 304 Stainless Steel 316

Finish:

Mirror Polishing Brush Polishing Electro Polishing Vibration Polishing

FAQ

Q1: Where can I get product & price information?

A1:Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2:Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3:Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5:We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6:Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Hight, Width), CAD or 3D file will be made for you if placed order.
