

Anodized CNC Machining Parts CNC Milling Metal Parts OEM Services Rapid Spare Parts

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: ML-CNC-060
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: CNC Milling
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Color: As Per Customers' Requirement
- Highlight: **OEM Services CNC Milling Parts, Rapid Spare Parts CNC Milling Parts, Anodized CNC Milling Parts**

Product Description

What We Can Provide

Anodized CNC Machining Parts CNC Milling Metal Parts OEM Services Rapid CNC Milling Spare Parts Manufacturer

Description of Custom High Precision OEM CNC Milling Rapid CNC Milling Spare Parts Manufacturer

A Custom High Precision OEM CNC Milling Rapid CNC Milling Spare Parts Manufacturer is a company that specializes in designing, engineering, and manufacturing high-precision spare parts for CNC milling machines and other industrial equipment. These spare parts are tailored to meet the specific requirements of Original Equipment Manufacturers (OEMs) and other industrial clients who rely on CNC milling machines for their production processes.

As a manufacturer, this company has the expertise, equipment, and processes necessary to produce spare parts that meet the highest standards of precision and quality. They typically use advanced materials and technologies, such as high-grade metals, precision machining, and surface treatments, to ensure that the spare parts are durable, reliable, and compatible with the equipment they are intended for.

The manufacturing process for these spare parts often involves several stages, including design and engineering, material selection, precision machining, and quality control. The manufacturer may work closely with their clients to understand their specific needs and requirements, and may offer custom design and engineering services to develop solutions that meet those needs.

As a rapid CNC milling spare parts manufacturer, this company is equipped with the capabilities to quickly produce and deliver spare parts to their clients. This is particularly important for businesses that require spare parts to minimize downtime and maintain continuous production. The manufacturer may have a streamlined production process and advanced inventory management systems to ensure that spare parts are available when needed.

Specification of Custom High Precision OEM CNC Milling Rapid CNC Milling Spare Parts Manufacturer

Product Name	High Quality Copper Steel Stainless Brass Material CNC Milling Parts Services
Material	Aluminum, Stainless Steel, Copper, Brass, Titanium, Galvanized, Nylon, ABS, POM etc.
Surface Treatment	Zinc Plating, Painting, Mirror Polished, Brush Polished, Powder Coating, Electroplating, Anodizing, Sandblasting etc.
Processing	Laser Cutting, Precision Stamping, Bending, CNC Punching, Threading, Riveting, Drilling, Welding, Painting, Assembly etc.
Drawing Format	3D/CAD/DWG/IGS/STEP/PDF/JPG
OEM Service	Accept

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of Custom High Precision OEM CNC Milling Rapid CNC Milling Spare Parts Manufacturer

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Why Choose Us

Our Advantages

1. Small details make big difference. We promise:All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.
2. The craftsmanship of all parts we machined is controlled rigorously, Every product has its own process card and process chart.
3. Our quality inspection procedure is quite strict.it must self-inspected during production, we have flow inspectors and

professional inspectors.

4. Each size of product must be tested one by one after completing production and provide quality report.

5. The most important point, we are the entity factory, not trading company. Price is the composition of the actual product quality price. Quality can guarantee more controllable higher than trading company. The price is competitive, at least reducing the trade company's service fee.

6. We have many years of export experience, exports to the US, Europe, Japan and other countries and regions.

7. Our team are more professional. We have more reasonable price and better quality controlling than trade company. And our language ability is also diversified.

FAQ

1. How can I get the price? - We usually quote within 24 hours after we get your inquiry (except weekend and holidays). If you are urgent to get the price, please email us or contact us in other ways so that we can offer you a quote.
2. Can I buy samples? - Yes. Please feel free to contact us.
3. What is your lead time? - It depends on the order quantity and the season you place the order. Usually we can ship within 7-15 days for small quantity, and about 30 days for large quantity.
4. What is your payment term? - T/T, Western Union, MoneyGram, and Paypal. This is negotiable.
5. What is the shipping method? - It could be shipped by sea, by air, or by express (EMS, UPS, DHL, TNT, FEDEX etc). Please confirm with us before placing orders.
6. How do you make our business long-term and good relationship? - We keep good quality and competitive price to ensure our customers benefit. Furthermore, we respect every customer as our friend and we sincerely do business and make friends with them, no matter where they come from.
