

Anodized Brass Aluminum SS Metal CNC Machining Parts Turning Service Brass CNC Components Manufacturer

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xiange
- Certification: ISO9001:2015
- Model Number: BS-CNC-062
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Color: As Per Customers' Requirement
- Keyword: CNC Milling Brass Parts
- Sample: Acceptable
- Highlight: **Anodized Brass CNC Parts,
Aluminum CNC Machining Parts,
SS Metal CNC Machining Parts**

Product Description

What We Can Provide

Anodized Brass Aluminum SS Metal CNC Machining Parts Turning Service Brass CNC Components Manufacturer

Description of OEM Custom Precision Metal Brass Parts Copper CNC Machining Components Manufacturer

An OEM (Original Equipment Manufacturer) Custom Precision Metal Brass Parts and Copper CNC Machining Components Manufacturer specializes in the design, production, and customization of high-precision metal components made from brass and copper materials using Computer Numerical Control (CNC) machining technology. This type of manufacturer typically works with clients from various industries, including automotive, aerospace, electronics, medical, and more, to create custom parts that meet specific design requirements and performance standards.

Custom Design and Engineering: The manufacturer's team of engineers and designers work closely with clients to understand their unique needs and develop custom solutions. They use advanced CAD (Computer-Aided Design) software to create 3D models and simulations of the parts, ensuring that they meet all design specifications and can be efficiently produced.

Precision CNC Machining: CNC machining is a highly precise and automated process that involves using computer-controlled machines to cut, shape, and drill metal materials into the desired form. The manufacturer utilizes state-of-the-art CNC machines to produce brass and copper parts with tight tolerances and exceptional surface finishes.

Material Selection: Brass and copper are chosen for their unique properties, such as corrosion resistance, electrical conductivity, and aesthetic appeal. The manufacturer can source high-quality brass and copper materials from trusted suppliers and select the most appropriate grade for each application.

Specification of OEM Custom Precision Metal Brass Parts Copper CNC Machining Components Manufacturer

| | |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Business Type | CNC Machined Parts Factory / Manufacturer |
| Service | 1. CNC Machining 2. Turning and Milling 3. CNC Turning 4. OEM Parts |
| Material | Aluminum: 5052, 6061, 6063, 6082, 7075-T etc 2. Steel: 4140, Q235, Q345B, etc. 3. Titanium: TA1, TA2/GR2, TA4/GR5, TC4, TC18, etc. 4. Stainless steel: 303, 304, 316L, etc. 5. Brass: C36000, C37700, C26800, C22000 etc 6. Plastic: Pom, ABS, Nylon, etc. |
| Main Equipment | CNC Machining center (Milling), CNC Lathe, Grinding machine |
| Treatment | Sandblasting, Anodize color, Blackening, Zinc/Nickel Plating, Polish, Passivation PVD, Titanium Plating, Electro galvanizing, electroplating chromium, electrophoresis, QPQ (Quench-Polish-Quench), Electro Polishing, Chrome Plating, Knurl, Power coating, Laser etch Logo, |
| Tolerance | $\pm 0.01\text{mm} \sim \pm 0.05\text{mm}$ |
| Drawing format | STEP, STP, GIS, CAD, PDF, DWG, DXF etc or samples. |

Application Of OEM Custom Precision Metal Brass Parts Copper CNC Machining Components Manufacturer

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical Equipments Mechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Our promise

1. Offering design and improvement scheme freely.
2. Offering video and photos with details freely during production.
3. Helping customers to do factory inspection freely for his other Chinese suppliers.
4. Producing completely according to the accuracy of drawings, assembly measurement to detect function and strict quality control to ensure 0 return rate.
5. 99% orders can be ensured delivery time.
6. Quote can be offered within 2 days fastest
7. Delivery time is only 7 days fastest.
8. Responding to the enquiry within 2 hours.
9. The materials we use are optimal.
10. 24 hours online service.
11. The lowest price with the same quality and service.
12. Logistics arrangement with high performance to price ratio.
13. The most suitable packing method to different products.

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
