

## Custom Fabricated Metal Frame Parts for OEM Applications Expertly Crafted by Leading Sheet Metal Fabricator

Our Product Introduction

for more products please visit us on [cnc-metalmachining.com](http://cnc-metalmachining.com)

### Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: MFA-XG-071
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers'packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

### Product Specification

- Supply Type: OEM Service
- Material Capabilities: Stainless Steel, Brass, Aluminum, Steel
- Process: Bending, Laser Cutting, Welding, Stamping
- Application: Auto,motorcycle,industry,ariculture,furniture,e
- Packing Details: Carton, Wooden Case, Plastic Cargo
- Color: Black, Silver, Customized Color
- Place Of Origin: China
- Highlight: **Custom Fabricated Metal Frame Parts, Expertly Crafted Metal Frame Parts, OEM Metal Frame Parts**

## Product Description

### What We Can Provide

Custom Fabricated Metal Frame Parts for OEM Applications Expertly Crafted by Leading Sheet Metal Fabricator

#### Description Of Fabricated Metal Frame Parts for OEM Applications Top Sheet Metal Fabrication Supplier

Custom Fabricated Metal Frame Parts for OEM Applications, expertly crafted by a leading sheet metal fabricator, represent a pinnacle of precision, quality, and customization in the manufacturing industry.

**Customization and Precision:** Leading sheet metal fabricators specialize in creating custom-made metal frame parts that cater to the unique specifications and requirements of Original Equipment Manufacturers (OEMs). Each part is designed using advanced CAD software, ensuring precision in every dimension and feature. This customization allows OEMs to achieve the exact look, feel, and functionality they desire for their products.

**Material Expertise:** The selection of material is crucial in the fabrication of custom metal frame parts. Leading fabricators have a deep understanding of the properties and capabilities of various metals, such as steel, aluminum, stainless steel, and others. They can recommend the best material based on factors such as strength, durability, corrosion resistance, and cost-effectiveness.

**Advanced Fabrication Techniques:** Expert craftsmanship is evident in every step of the fabrication process. Leading fabricators utilize state-of-the-art machinery, including CNC machines, laser cutters, and press brakes, to ensure precision in cutting, bending, and forming metal. Welding, riveting, and other assembly techniques are also employed to create sturdy and reliable frame parts.

#### Material Of Fabricated Metal Frame Parts for OEM Applications Top Sheet Metal Fabrication Supplier

##### Production Capability

##### Secondary Operations

Surface Operations	<ul style="list-style-type: none"> <li>* Deburring work by machines, then by hands;</li> <li>* As long as you need no scratches on the products, we can use the film protected material for products during production;</li> <li>* Remove sharps of the products;</li> <li>* Ultrasonic cleaning after production.</li> </ul>
Surface Treatments	Powder Coating, Polishing, Brushing, PVD Plating, PVC Coating, Ceramic Coating, Chrome Plating, Nickel Plating, Tin Plating, Copper Plating, Silver Plating, Sandblasting, Anodizing, Dacromet, Baking Varnish, Electrophoresis Coating, Zinc Plating, Hot Dip Galvanizing.
LOGO Printing	Laser Engraving, Silk-screening etc
Assembly Service	Yolanda provide products assembly service after each component production.
Custom Packaging	<ul style="list-style-type: none"> <li>* Design packaging according to your products;</li> <li>* Make the packagings according to your requests;</li> <li>* Print your LOGO on the packaging as long as you need;</li> <li>* Other request according to your need.</li> </ul>

#### Application Of Fabricated Metal Frame Parts for OEM Applications Top Sheet Metal Fabrication Supplier

1. Construction: Metal angle brackets are extensively used in the construction industry for connecting beams, joists, and rafters. They provide critical support and reinforcement to building structures, ensuring stability and load distribution.
2. Shelving: Angle brackets are widely used as shelf supports for wall-mounted shelves in homes, offices, retail stores, and warehouses. They help create sturdy and reliable shelving systems.
3. Furniture Assembly: Metal angle brackets are essential in furniture assembly, helping to connect components and reinforcing joints in tables, chairs, cabinets, and bed frames.

#### Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control ( IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

## Why Choose Us

### Our promise

1. Offering design and improvement scheme freely.
2. Offering video and photos with details freely during production.
3. Helping customers to do factory inspection freely for his other Chinese suppliers.
4. Producing completely according to the accuracy of drawings, assembly measurement to detect function and strict quality control to ensure 0 return rate.
5. 99% orders can be ensured delivery time.
6. Quote can be offered within 2 days fastest
7. Delivery time is only 7 days fastest.
8. Responding to the enquiry within 2 hours.
9. The materials we use are optimal.
10. 24 hours online service.
11. The lowest price with the same quality and service.
12. Logistics arrangement with high performance to price ratio.
13. The most suitable packing method to different products.

## Aluminum Material

### Material:

Aluminum 5052  
Aluminum 6061  
Aluminum 6063 etc

### Finish:

Anodic Oxidation  
Polishing  
Powder Coating  
Spray Painting

## Why Choose Us

### Multiple Machines

5-Axis CNC machines, Professional machines, skillful workers, 100% quality, 100% on-time delivery, 100% lead time guarantee the quality and lead time.

### Strictly Confidential

We will protect the customers' design and the customer can request a confidentiality agreement

### Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

# Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

## FAQ

### Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

### Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

### Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

### Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

### Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

### Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Hight, Width), CAD or 3D file will be made for you if placed order.
