

Custom Metal Brackets Precision Stamping Sheet Metal Fabrication Customized Mounting Services Provider

Basic Information

Place of Origin: Shenzhen China
Brand Name: Xianheng
Certification: ISO9001:2015
Model Number: MB-ST-055
Minimum Order Quantity: 1 pcs

• Price: USD \$0.1-\$1.99

Packaging Details: Carton, As Customers'packaging

requirements

Delivery Time: Samples 7-10 days, Mass production 20-25

days

• Payment Terms: T/T, Western Union, MoneyGram

• Supply Ability: 50000 pcs per week

Product Specification

• Supply Type: OEM Service

Material Capabilities: Stainless Steel, Brass, Aluminum, Steel
 Process: Bending, Laser Cutting, Welding, Stamping
 Application: Auto,motorcycle,industry,ariculture,furniture,e
 Packing Details: Carton, Wooden Case, Plastic Cargo
 Color: Black, Silver, Customized Color

Place Of Origin: China

• Highlight: Customized Mounting Services Metal Brackets

Product Description

What We Can Provide

Custom Metal Brackets Precision Stamping Sheet Metal Fabrication Customized Mounting Services Provider

Description Of Custom Metal Brackets Precision Stamping Sheet Metal Fabrication Customized Mounting Services Provider

As a trusted and experienced provider of custom metal solutions, we specialize in creating precision-crafted metal brackets, stamped components, sheet metal fabrications, and customized mounting systems. Our services cater to a diverse range of industries and applications, ensuring that we can meet the unique needs of each and every client.

Custom Metal Brackets:

From structural support to equipment mounting, our custom metal brackets are designed to meet your specific requirements. We utilize a range of high-quality materials, including stainless steel, aluminum, and galvanized steel, to ensure durability and robustness. Our design and engineering team work closely with you to create brackets that fit your needs perfectly, ensuring a secure and reliable solution for your project.

Precision Stamping Expertise:

Our precision stamping services utilize advanced machinery and techniques to produce high-quality stamped components with exceptional accuracy and precision. Whether you need intricate designs or tight tolerances, we have the expertise and equipment to handle your high-volume production runs and complex stamped parts. Our stamped components are ideal for a variety of applications, including automotive, electronics, and more.

Sheet Metal Fabrication Capabilities:

Our sheet metal fabrication services encompass a wide range of processes, from cutting and bending to welding and assembling. We utilize state-of-the-art equipment and techniques to produce custom sheet metal parts and assemblies that meet your specific requirements. Our skilled technicians have extensive experience working with a variety of materials and finishes, ensuring that your final product meets your expectations and exceeds industry standards.

Material Of Custom Metal Brackets Precision Stamping Sheet Metal Fabrication Customized Mounting Services Provider

Material	Stainless steel, Aluminum, Brass, Copper etc.
Process	Stamping, Deep drawing, Laser cutting, Bending, Welding, CNC etc
Surface treatment	Zinc plating, Nickel plating, Powder coated, Paint, Brushed, Polishing, Anodized, Hot dip galvanizing etc.
MOQ	100pcs
Size	Customized Size
Certificate	ISO9001:2015
Design	3D/CAD/Dwg/IGS/STP
Package	Bubble Bag+ Carton+ Wooden Box
Application	Metal part in all fields
Service	Customize ODM OEM

Application Of Custom Metal Brackets Precision Stamping Sheet Metal Fabrication Customized Mounting Services Provider

- 1. Construction: Metal angle brackets are extensively used in the construction industry for connecting beams, joists, and rafters. They provide critical support and reinforcement to building structures, ensuring stability and load distribution.
- 2. Shelving: Angle brackets are widely used as shelf supports for wall-mounted shelves in homes, offices, retail stores, and warehouses. They help create sturdy and reliable shelving systems.
- 3. Furniture Assembly: Metal angle brackets are essential in furniture assembly, helping to connect components and reinforcing joints in tables, chairs, cabinets, and bed frames.

Quality Control

- 1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
- 2. Checking the details before the production line operated
- 3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
- 4. Checking the goods after they are finished---- Final quality control(FQC)
- 5. Checking the goods after they are finished----Outgoing quality control(OQC)

Why Choose Us

Advantages

- 1. Quality control: the defective products rate is 0.1%. Imported material 100%.
- 2. Reasonable price. Precision made. Experience & reasonable QC that you can reply on.
- 3. Each part would be given 100% test and tryout before shipment.
- 4. Adequate supply capacity. Punctual delivery time.

Aluminum Material

Material:

Aluminum 5052 Aluminum 6061 Aluminum 6063 etc

Finish:

Anodic Oxidation Polishing Powder Coating Spray Painting

Why Choose Us

Multipe Machines

Professional machines, skillful workers, guarantee the quality and lead time.

Strictly Confidential

We will protect the customers'design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products
