

## Customized Metal Frame Parts OEM Sheet Metal Fabrication Parts with Welding Process

### Our Product Introduction

for more products please visit us on [cnc-metalmachining.com](http://cnc-metalmachining.com)

#### Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: MFA-XG-076
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

#### Product Specification

- Supply Type: OEM Service
- Material Capabilities: Stainless Steel, Brass, Aluminum, Steel
- Process: Bending, Laser Cutting, Welding, Stamping
- Application: Auto, motorcycle, industry, agriculture, furniture, etc.
- Packing Details: Carton, Wooden Case, Plastic Cargo
- Color: Black, Silver, Customized Color
- Place Of Origin: China
- Highlight: **OEM Sheet Metal Fabrication Parts, Customized Metal Frame Parts, Sheet Metal Fabrication Metal Frame Parts**

## Product Description

### What We Can Provide

Leading Sheet Metal Fabricator Customized Metal Frame Parts OEM Applications Customization Supplier

#### Description Of Leading Sheet Metal Fabricator Customized Metal Frame Parts OEM Applications Customization Supplier

A leading sheet metal fabricator is a company that specializes in the manufacturing of precision sheet metal parts and components. This fabricator offers customized metal frame parts, catering to the specific needs and specifications of its clients. By leveraging advanced technology and skilled labor, the company is able to produce high-quality metal frames that meet the exact dimensions, materials, and finishes required for various applications.

As an Original Equipment Manufacturer (OEM), this fabricator provides customization services for metal frame parts that can be integrated into larger products or systems. Whether it's for automotive parts, electronic devices, machinery, or any other industry, the company's expertise in sheet metal fabrication ensures that the customized metal frames meet the functional and aesthetic requirements of the end-product.

Furthermore, this supplier excels in offering comprehensive customization solutions. From design and prototyping to mass production and assembly, the company works closely with its clients to ensure that every detail of the metal frame parts is perfectly tailored to their specific application. This level of customization not only enhances the functionality of the final product but also helps differentiate it in a competitive market.

#### Material Of Leading Sheet Metal Fabricator Customized Metal Frame Parts OEM Applications Customization Supplier

##### Production Capability Secondary Operations

Surface Operations	* Deburring work by machines, then by hands; * As long as you need no scratches on the products, we can use the film protected material for products during production; * Remove sharps of the products; * Ultrasonic cleaning after production.
Surface Treatments	Powder Coating, Polishing, Brushing, PVD Plating, PVC Coating, Ceramic Coating, Chrome Plating, Nickel Plating, Tin Plating, Copper Plating, Silver Plating, Sandblasting, Anodizing, Dacromet, Baking Varnish, Electrophoresis Coating, Zinc Plating, Hot Dip Galvanizing.
LOGO Printing	Laser Engraving, Silk-screening etc
Assembly Service	Yolanda provide products assembly service after each component production.
Custom Packaging	* Design packaging according to your products; * Make the packagings according to your requests; * Print your LOGO on the packaging as long as you need; * Other request according to your need.

#### Application Of Leading Sheet Metal Fabricator Customized Metal Frame Parts OEM Applications Customization Supplier

1. Construction: Metal angle brackets are extensively used in the construction industry for connecting beams, joists, and rafters. They provide critical support and reinforcement to building structures, ensuring stability and load distribution.
2. Shelving: Angle brackets are widely used as shelf supports for wall-mounted shelves in homes, offices, retail stores, and warehouses. They help create sturdy and reliable shelving systems.
3. Furniture Assembly: Metal angle brackets are essential in furniture assembly, helping to connect components and reinforcing joints in tables, chairs, cabinets, and bed frames.

#### Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control ( IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

## Why Choose Us

### Our advantages

#### 1. High-Quality Customization:

As a leading sheet metal fabricator, this company has the expertise and technology to produce high-quality metal frame parts that are perfectly tailored to the specific needs of its clients. This level of customization ensures that the final product meets all functional and aesthetic requirements, providing a competitive edge in the market.

#### 2. Comprehensive Services:

The fabricator offers a comprehensive range of services, from design and prototyping to mass production and assembly. This means that clients can rely on a single supplier for all their metal frame part needs, simplifying the procurement process and reducing the risk of communication breakdowns or quality issues.

#### 3. Industry Expertise:

With a focus on OEM applications, this fabricator has deep industry expertise and a strong understanding of the specific challenges and requirements faced by businesses in various sectors. This expertise allows the company to provide insightful advice and guidance, helping clients optimize their metal frame parts for maximum performance and efficiency.

## Aluminum Material

### Material:

Aluminum 5052  
Aluminum 6061  
Aluminum 6063 etc

### Finish:

Anodic Oxidation  
Polishing  
Powder Coating  
Spray Painting

## Why Choose Us

## Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful  
with accuracy of guarantee the quality and lead time. guarantee fast lead time

## Strictly Confidential

We will protect the customers' design  
and the customer can request a  
confidentiality agreement

## Quality Inspection

We have a strict quality inspection  
process to ensure the quality of our  
products

## Factory Show

## Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

## FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
