

Customized OEM Applications Elevator Metal Frame Parts with Perfect Fit by Top Aluminum Sheet Metal

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: MFA-XG-077
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

Product Specification

- Supply Type: OEM Service
- Material Capabilities: Stainless Steel, Brass, Aluminum, Steel
- Process: Bending, Laser Cutting, Welding, Stamping
- Application: Auto, motorcycle, industry, agriculture, furniture, etc.
- Packing Details: Carton, Wooden Case, Plastic Cargo
- Color: Black, Silver, Customized Color
- Place Of Origin: China
- Highlight: **OEM Elevator Metal Frame Parts, Customized Elevator Metal Frame Parts, Elevator Metal Frame Parts**

Product Description

What We Can Provide

Customized Metal Frame Parts OEM Applications Perfect Fit Leading Sheet Metal Manufacturer

Description Of Customized Metal Frame Parts OEM Applications Perfect Fit Leading Sheet Metal Manufacturer

A leading sheet metal manufacturer specializes in the production of customized metal frame parts for Original Equipment Manufacturer (OEM) applications. This manufacturer excels in creating metal frames that are a perfect fit for the specific needs and specifications of its clients. Whether it's for automotive components, industrial machinery, electronic devices, or any other industry, the company's expertise in sheet metal manufacturing ensures that each metal frame part is tailored to provide optimal performance and reliability.

By leveraging advanced technology and skilled labor, this manufacturer is able to produce metal frame parts that meet the exact dimensions, materials, and finishes required for various OEM applications. The company works closely with its clients to understand their unique needs and challenges, and then designs and manufactures metal frames that are a perfect fit for their specific application.

Furthermore, this leading sheet metal manufacturer is committed to quality and precision. From the initial design stage to the final assembly, every step of the manufacturing process is carefully monitored and controlled to ensure that the metal frame parts meet the highest standards of quality. This commitment to excellence allows the company to provide its clients with metal frames that are not only a perfect fit for their application but also built to last.

Material Of Customized Metal Frame Parts OEM Applications Perfect Fit Leading Sheet Metal Manufacturer

Production Capability

Secondary Operations

Surface Operations	* Deburring work by machines, then by hands; * As long as you need no scratches on the products, we can use the film protected material for products during production; * Remove sharps of the products; * Ultrasonic cleaning after production.
Surface Treatments	Powder Coating, Polishing, Brushing, PVD Plating, PVC Coating, Ceramic Coating, Chrome Plating, Nickel Plating, Tin Plating, Copper Plating, Silver Plating, Sandblasting, Anodizing, Dacromet, Baking Varnish, Electrophoresis Coating, Zinc Plating, Hot Dip Galvanizing.
LOGO Printing	Laser Engraving, Silk-screening etc
Assembly Service	Yolanda provide products assembly service after each component production.
Custom Packaging	* Design packaging according to your products; * Make the packagings according to your requests; * Print your LOGO on the packaging as long as you need; * Other request according to your need.

Application Of Customized Metal Frame Parts OEM Applications Perfect Fit Leading Sheet Metal Manufacturer

1. Construction: Metal angle brackets are extensively used in the construction industry for connecting beams, joists, and rafters. They provide critical support and reinforcement to building structures, ensuring stability and load distribution.
2. Shelving: Angle brackets are widely used as shelf supports for wall-mounted shelves in homes, offices, retail stores, and warehouses. They help create sturdy and reliable shelving systems.
3. Furniture Assembly: Metal angle brackets are essential in furniture assembly, helping to connect components and reinforcing joints in tables, chairs, cabinets, and bed frames.

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Our advantages

1. Precision and Quality:

A leading sheet metal manufacturer has the expertise and technology to produce metal frame parts with high precision and quality. This ensures that the parts meet the exact specifications and requirements of the client, providing a reliable and durable solution for their application.

2. Customization and Flexibility:

By specializing in customized metal frame parts, the manufacturer can offer a wide range of options and configurations to suit the unique needs of each client. This flexibility allows for the creation of metal frames that are tailored to the specific application, providing optimal performance and functionality.

3. Expertise and Experience:

A leading sheet metal manufacturer has extensive experience and expertise in the production of metal frame parts for OEM applications. This means that they have a deep understanding of the industry and can provide valuable insights and guidance to clients, helping them to design and implement the most effective solutions for their needs. Additionally, their experience allows them to anticipate potential challenges and issues, and to take steps to mitigate them before they arise.

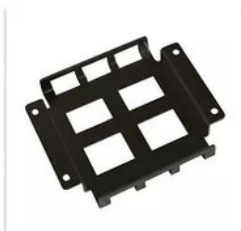

Aluminum Material

Material:

Aluminum 5052
Aluminum 6061
Aluminum 6063 etc

Finish:

Anodic Oxidation
Polishing
Powder Coating
Spray Painting

Why Choose Us

Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful
with accuracy of guarantee the quality and lead time. guarantee fast lead time

Strictly Confidential

We will protect the customers' design
and the customer can request a
confidentiality agreement

Quality Inspection

We have a strict quality inspection
process to ensure the quality of our
products

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
