

## **Custom Sheet Metal Fabrication Precision Metal Stamping Parts Professional Manufacturing Applications Manufacturer**

### **Basic Information**

. Place of Origin: Shenzhen China Brand Name: Xianheng ISO9001:2015 · Certification: Model Number: PMS-XG-068

• Price: USD \$0.1-\$1.99

Minimum Order Quantity:

· Packaging Details: Carton, As Customers'packaging

1 pcs

requirements

Delivery Time: Samples 7-10 days, Mass production 20-25

days

Payment Terms: T/T, Western Union, MoneyGram

Supply Ability: 50000 pcs per week

## **Product Specification**

• Material: Copper, Stainless Steel, Aluminum, Brass,

Etc.

Surface Treatment: Hot Galvanized, Zinc Plating, Nickel Plating,

Powder Plating, Anodize

Stamping, Punching, Bending, Punching Of Process:

Stamping Blanks, Stamping + CNC

Construction, Industrial, Used Widely Application:

Industry Auto, Mechanical Equipment, Auto

Parts

OEM/ODM, OEM ODM Metal Stamping, Service:

Customized OEM OEM ODM, OEM Service

Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm

Available · Oem: • Quality: ISO9001

Keywords: **Custom Stamping Metal** Packing: As Customers' Requirement

Highlight: **Manufacturer Precision Metal Stamping Parts**

### What We Can Provide

Custom Sheet Metal Fabrication Precision Metal Stamping Parts Professional Manufacturing Applications Manufacturer

# Description of Custom Sheet Metal Fabrication Precision Metal Stamping Parts Professional Manufacturing Applications Manufacturer

A Custom Sheet Metal Fabrication and Precision Metal Stamping Parts Professional Manufacturing Applications Manufacturer specializes in creating bespoke metal components for a wide range of industries using advanced techniques and machinery. These manufacturers offer comprehensive services, from design and prototyping to production and assembly, ensuring that each part meets exact specifications and requirements.

In the realm of professional manufacturing, these manufacturers play a crucial role in providing precision metal stamped parts and custom sheet metal fabricated components for various applications. They serve industries such as automotive, aerospace, electronics, medical devices, and more, delivering high-quality parts that ensure the functionality and performance of the devices or machinery they are part of.

# Specification of Custom Sheet Metal Fabrication Precision Metal Stamping Parts Professional Manufacturing Applications Manufacturer

Name	Custom OEM Laser Cutting Sheet Metal Fabrication Services Copper Stainless Steel Anodised Aluminum Metal Stamping bending Parts
Material	Zn-plating, Ni-plating, Cr-plating, Tin-plating, copper-plating, the wreath oxygen resin spraying, the heat disposing, hot-dip galvanizing, black oxide coating, painting, powdering, color zinc-plated, blue black zinc-plated, rust preventive oil, titanium alloy galvanized, silver plating, plastic, electroplating, anodizing etc.
Applications	Automotive, instrument, electrical equipment, household appliances, furniture, mechanical equipment, daily living equipment, electronic sports equipment, light industry products, sanitation machinery, market/ hotel equipment supplies, artware etc.
Packaging	Regular: Paper, Foam, OPP bag, Carton; Other: According to customers' requirements
Testing	Projecting apparatus, Salt Spray Test, Durometer, and Coating thickness
Equipment	tester
Tolerance	±0.01-0.05mm
Drawing	JPG, PDF, CAD, DWG, STP, STEP

#### **Quality Control**

- 1. Checking the raw material after they reach our factory----- Incoming quality control ( IQC)
- 2. Checking the details before the production line operated
- 3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
- 4. Checking the goods after they are finished---- Final quality control(FQC)
- 5. Checking the goods after they are finished----Outgoing quality control(OQC)

# Application Of Custom Sheet Metal Fabrication Precision Metal Stamping Parts Professional Manufacturing Applications Manufacturer

- 1. Auto Components Hardware Parts Auto Parts
- 2. Communication Equipment
- 3. Industrial Equipment
- 4. Medical EquipmentsMechanical Parts
- 5. Ship Accessories
- 6. Electrical Equipment
- 7. Mechanical Equipment

## Why Choose Us

#### **Our Advantages**

- 1. Expertise and Experience: These manufacturers possess deep expertise and experience in creating precision metal stamped parts and custom sheet metal fabricated components. They understand the intricacies of each industry and the specific requirements of each application, enabling them to design and produce parts that meet exact specifications. Their knowledge and experience also ensure that the parts are produced using the most efficient and cost-effective methods.
- 2. Advanced Technology and Equipment: Custom Sheet Metal Fabrication and Precision Metal Stamping Parts Manufacturers invest in state-of-the-art technology and equipment to ensure the highest quality and precision in their

production processes. This includes advanced stamping presses, CNC machines, and other specialized tools that enable them to produce intricate and complex parts with a high degree of accuracy.

**3. Quality Assurance and Compliance:** These manufacturers prioritize quality assurance and compliance with industry standards and regulations. They implement rigorous quality control measures throughout the production process, from design and prototyping to final assembly and testing. This ensures that each part meets the highest quality standards and complies with relevant regulations, providing peace of mind for customers.

# **Multipe Machines**

Professional machines, skillful workers, guarantee the quality and lead time.

**Strictly Confidential** 

We will protect the customers'design and the customer can request a confidentiality agreement

**Quality Inspection** 

We have a strict quality inspection process to ensure the quality of our products

## Stainless Steel Material

### Material:

Stainless Steel 201 Stainless Steel 430 Stainless Steel 304

Stainless Steel 316

### Finish:

Mirror Polishing **Brush Polishing Electro Polishing** Vibration Polishing

### **FAQ**

Q: How can I customize my products?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
