

OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Supplier

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: PMS-XG-070
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

Product Specification

- Material: Copper, Stainless Steel, Aluminum, Brass, Etc.
- Surface Treatment: Hot Galvanized, Zinc Plating, Nickel Plating, Powder Plating, Anodize
- Process: Stamping, Punching, Bending, Punching Of Stamping Blanks, Stamping + CNC
- Application: Construction, Industrial, Used Widely Industry Auto, Mechanical Equipment, Auto Parts
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Oem: Available
- Quality: ISO9001
- Keywords: Custom Stamping Metal
- Packing: As Customers' Requirement
- Highlight: **Bending Sheet Metal Shell,**

Product Description

What We Can Provide

OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Supplier

Description of OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Supplier

An OEM (Original Equipment Manufacturer) Sheet Metal Shell Fabrication, Laser Cutting, Bending, and Custom Parts Services Supplier specializes in providing comprehensive metal fabrication services for original equipment manufacturers. They offer a range of capabilities, including sheet metal shell fabrication, laser cutting, bending, and the production of custom parts, tailored to meet the specific needs and specifications of their clients.

These suppliers work closely with OEMs across various industries, such as automotive, aerospace, electronics, and more, to deliver precision-made components that are critical to the functionality and performance of the final product. By leveraging advanced technology and expertise, they ensure that each part meets the highest standards of quality, precision, and reliability.

Specification of OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Supplier

Name	Custom OEM Laser Cutting Sheet Metal Fabrication Services Copper Stainless Steel Anodised Aluminum Metal Stamping bending Parts
Material	Zn-plating, Ni-plating, Cr-plating, Tin-plating, copper-plating, the wreath oxygen resin spraying, the heat disposing, hot-dip galvanizing, black oxide coating, painting, powdering, color zinc-plated, blue black zinc-plated, rust preventive oil, titanium alloy galvanized, silver plating, plastic, electroplating, anodizing etc.
Applications	Automotive, instrument, electrical equipment, household appliances, furniture, mechanical equipment, daily living equipment, electronic sports equipment, light industry products, sanitation machinery, market/ hotel equipment supplies, artware etc.
Packaging	Regular: Paper, Foam, OPP bag, Carton; Other: According to customers' requirements
Testing Equipment	Projecting apparatus, Salt Spray Test, Durometer, and Coating thickness tester
Tolerance	±0.01-0.05mm
Drawing	JPG, PDF, CAD, DWG, STP, STEP

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Supplier

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Why Choose Us

Advantages

1. Comprehensive Capabilities and Customization: These suppliers offer a wide range of metal fabrication services, from sheet metal shell fabrication and laser cutting to bending and custom part production. This comprehensive suite of capabilities allows them to meet a wide range of needs, from simple brackets to complex assemblies. Additionally, their ability to customize parts to exact specifications ensures that the final product meets the unique requirements of each application.

2. Advanced Technology and Precision: OEM Sheet Metal Shell Fabrication, Laser Cutting, Bending, and Custom Parts Services Suppliers invest in advanced technology to ensure the highest level of precision and accuracy in their production processes. This includes state-of-the-art laser cutting machines, bending presses, and other specialized equipment that enable them to produce intricate and complex parts with a high degree of accuracy. This precision ensures that each part fits perfectly within the final assembly, enhancing the overall performance and reliability of the product.

3. Cost-Effective Solutions: By leveraging economies of scale and advanced manufacturing techniques, these suppliers are able to offer cost-effective solutions for OEMs. They work closely with their clients to understand their specific needs and requirements, and then develop customized production plans that optimize material usage, reduce waste, and minimize production costs. This allows OEMs to achieve cost savings without compromising on quality or performance.

Multiple Machines

3-Axis CNC & 5-Axis CNC machines, skillful workers, and fast lead time guarantee the quality and lead time.

Strictly Confidential

We will protect the customers' design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

Stainless Steel Material

Material:

Stainless Steel 201
Stainless Steel 430
Stainless Steel 304
Stainless Steel 316

Finish:

Mirror Polishing
Brush Polishing
Electro Polishing
Vibration Polishing

FAQ

Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
