

Brass CNC Parts for Automotive Electronics Aerospace Industries Parts Components Experienced Supplier

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: BS-CNC-072
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Color: As Per Customers' Requirement
- Keyword: CNC Milling Brass Parts
- Sample: Acceptable
- Highlight: **Aerospace Industries Brass CNC Parts, Experienced Supplier Brass CNC Parts, Automotive Electronics Brass CNC Parts**

Product Description

What We Can Provide

Brass CNC Parts for Automotive Electronics Aerospace Industries Parts Components Experienced Supplier

Description of Brass CNC Parts for Automotive Electronics Aerospace Industries Parts Components Experienced Supplier

Brass CNC Parts for Automotive, Electronics, and Aerospace Industries are precision-manufactured components that are widely used in various sectors, including automotive electronics and aerospace. An experienced supplier of these parts specializes in creating high-quality, custom-made brass components through Computer Numerical Control (CNC) machining.

Specification of Brass CNC Parts for Automotive Electronics Aerospace Industries Parts Components Experienced Supplier

Business Type	CNC Machined Parts Factory / Manufacturer
Service	1. CNC Machining 2. Turning and Milling 3. CNC Turning 4. OEM Parts
Material	Aluminum: 5052, 6061, 6063, 6082, 7075-T etc 2. Steel: 4140, Q235, Q345B, etc. 3. Titanium: TA1, TA2/GR2, TA4/GR5, TC4, TC18, etc. 4. Stainless steel: 303, 304, 316L, etc. 5. Brass: C36000, C37700, C26800, C22000 etc 6. Plastic: Pom, ABS, Nylon, etc.
Main Equipment	CNC Machining center (Milling), CNC Lathe, Grinding machine
Treatment	Sandblasting, Anodize color, Blackening, Zinc/Nickel Plating, Polish, Passivation PVD, Titanium Plating, Electro galvanizing, electroplating chromium, electrophoresis, QPQ (Quench-Polish-Quench), Electro Polishing, Chrome Plating, Knurl, Power coating, Laser etch Logo,
Tolerance	$\pm 0.01\text{mm} \sim \pm 0.05\text{mm}$
Drawing format	STEP, STP, GIS, CAD, PDF, DWG, DXF etc or samples.

Application Of Brass CNC Parts for Automotive Electronics Aerospace Industries Parts Components Experienced Supplier

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical Equipments Mechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Advantages

1. Precision and Accuracy: Brass CNC Parts are produced with exceptional precision and accuracy due to the advanced CNC machining process. This ensures that the parts meet the tight tolerances and specifications required by the automotive, electronics, and aerospace industries. The use of high-precision tools and machines guarantees that the final product is dimensionally accurate and functions as intended.

2. Durability and Corrosion Resistance: Brass is known for its durability and corrosion resistance, making it an ideal material for components that are exposed to harsh environments or require long-term reliability. In automotive electronics, for example, brass parts can withstand high temperatures and vibrations without degrading. In aerospace applications, the corrosion resistance of brass ensures that parts remain functional even in extreme conditions, such as high altitudes and varying temperatures.

3. Customizability and Flexibility: An experienced supplier of Brass CNC Parts offers customizability and flexibility in design

and manufacturing. This means that parts can be tailored to meet specific requirements and applications, ensuring optimal performance and integration within the overall system. Whether it's a complex electronic component or a critical aerospace part, the supplier can provide a tailored solution that meets the unique needs of the customer.

Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
