

Brass CNC Parts for Automotive Electronics Aerospace Industries Custom-Made Components Manufacturer

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: BS-CNC-073
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Color: As Per Customers' Requirement
- Keyword: CNC Milling Brass Parts
- Sample: Acceptable
- Highlight: **Aerospace Brass CNC Parts,
Custom Made Brass CNC Parts**

Product Description

What We Can Provide

Brass CNC Parts for Automotive Electronics Aerospace Industries Custom-Made Components Manufacturer

Description of Brass CNC Parts for Automotive Electronics Aerospace Industries Custom-Made Components Manufacturer

A Brass CNC Parts Manufacturer for Automotive, Electronics, and Aerospace Industries specializes in creating custom-made components using Computer Numerical Control (CNC) machining technology. Brass, known for its corrosion resistance, electrical conductivity, and machinability, is a popular choice for various industrial applications, including automotive electronics and aerospace.

Specification of Brass CNC Parts for Automotive Electronics Aerospace Industries Custom-Made Components Manufacturer

| | |
|----------------|---|
| Business Type | CNC Machined Parts Factory / Manufacturer |
| Service | 1. CNC Machining 2. Turning and Milling 3. CNC Turning 4. OEM Parts |
| Material | Aluminum: 5052, 6061, 6063, 6082, 7075-T etc 2. Steel: 4140, Q235, Q345B, etc. 3. Titanium: TA1, TA2/GR2, TA4/GR5, TC4, TC18, etc. 4. Stainless steel: 303, 304, 316L, etc. 5. Brass: C36000, C37700, C26800, C22000 etc 6. Plastic: Pom, ABS, Nylon, etc. |
| Main Equipment | CNC Machining center (Milling), CNC Lathe, Grinding machine |
| Treatment | Sandblasting, Anodize color, Blackening, Zinc/Nickel Plating, Polish, Passivation PVD, Titanium Plating, Electro galvanizing, electroplating chromium, electrophoresis, QPQ (Quench-Polish-Quench), Electro Polishing, Chrome Plating, Knurl, Power coating, Laser etch Logo, |
| Tolerance | $\pm 0.01\text{mm} \sim \pm 0.05\text{mm}$ |
| Drawing format | STEP, STP, GIS, CAD, PDF, DWG, DXF etc or samples. |

Application Of Brass CNC Parts for Automotive Electronics Aerospace Industries Custom-Made Components Manufacturer

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical Equipments Mechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Advantages

1. Precision and Accuracy:

Brass CNC Parts Manufacturer utilizes state-of-the-art CNC machining technology to produce custom-made components with exceptional precision and accuracy. This ensures that the parts meet tight tolerances and specifications, resulting in reliable and high-performing components. This precision is particularly crucial in industries like aerospace and automotive electronics, where even minor deviations can compromise the overall functionality and safety of the system.

2. Material Properties:

Brass is known for its unique material properties, such as corrosion resistance, electrical conductivity, and machinability. These properties make brass an ideal choice for components in automotive electronics, aerospace, and other industries where durability and performance are critical. Brass parts can withstand harsh environments, including high temperatures, vibrations, and exposure to chemicals, ensuring long-term reliability and durability.

3. Customization and Flexibility:

A Brass CNC Parts Manufacturer offers customization and flexibility in design and manufacturing. This means that the manufacturer can create custom-made components tailored to specific requirements and applications. Whether it's a unique design, specific material grade, or tight tolerance, the manufacturer can provide a tailored solution that meets the unique needs of the customer. This flexibility allows for the creation of components that optimize performance, reliability, and integration within the overall system.

Injection Molding machine

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
