

Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components Supplier

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: PMS-XG-073
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

Product Specification

- Material: Copper, Stainless Steel, Aluminum, Brass, Etc.
- Surface Treatment: Hot Galvanized, Zinc Plating, Nickel Plating, Powder Plating, Anodize
- Process: Stamping, Punching, Bending, Punching Of Stamping Blanks, Stamping + CNC
- Application: Construction, Industrial, Used Widely Industry Auto, Mechanical Equipment, Auto Parts
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Oem: Available
- Quality: ISO9001
- Keywords: Custom Stamping Metal
- Packing: As Customers' Requirement
- Highlight: Custom Parts Sheet Metal Shell

Product Description

What We Can Provide

Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components Supplier

Description of Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components Supplier

Experienced OEM Sheet Metal Shell Fabrication, Laser Cutting, Bending, and Custom Parts Services Components Supplier refers to a company that specializes in providing comprehensive manufacturing services for sheet metal components and assemblies. This supplier leverages advanced technology and extensive industry experience to offer customized solutions for Original Equipment Manufacturers (OEMs). Services include precision laser cutting, bending, welding, assembly, and surface treatment of sheet metal parts, tailored to meet the specific needs and specifications of clients. The supplier typically works closely with clients from the design stage to final production, ensuring high-quality, cost-effective, and timely delivery of custom parts and components.

Specification of Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components Supplier

Name	Custom OEM Laser Cutting Sheet Metal Fabrication Services Copper Stainless Steel Anodised Aluminum Metal Stamping bending Parts
Material	Zn-plating, Ni-plating, Cr-plating, Tin-plating, copper-plating, the wreath oxygen resin spraying, the heat disposing, hot-dip galvanizing, black oxide coating, painting, powdering, color zinc-plated, blue black zinc-plated, rust preventive oil, titanium alloy galvanized, silver plating, plastic, electroplating, anodizing etc.
Applications	Automotive, instrument, electrical equipment, household appliances, furniture, mechanical equipment, daily living equipment, electronic sports equipment, light industry products, sanitation machinery, market/ hotel equipment supplies, artware etc.
Packaging	Regular: Paper, Foam, OPP bag, Carton; Other: According to customers' requirements
Testing Equipment	Projecting apparatus, Salt Spray Test, Durometer, and Coating thickness tester
Tolerance	±0.01-0.05mm
Drawing	JPG, PDF, CAD, DWG, STP, STEP

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components Supplier

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Why Choose Us

Advantages

1. Precision and Quality: With state-of-the-art laser cutting and bending equipment, the supplier can achieve high precision in fabricating sheet metal components. This ensures that the final products meet tight tolerances and strict quality standards, enhancing the overall performance and reliability of the end-products.

2. Customization and Flexibility: The ability to offer custom parts and components allows the supplier to cater to a wide range of industries and applications. Whether it's a unique design, specific material requirements, or tight deadlines, the supplier can provide flexible solutions that meet the unique needs of each client. This customization also supports innovation and product differentiation in the market.

3. Cost-Effectiveness and Efficiency: By leveraging advanced manufacturing techniques and optimizing production processes, the supplier can offer cost-effective solutions without compromising on quality. This helps clients reduce production costs, improve profitability, and stay competitive in their respective markets. Additionally, the supplier's experience and expertise in sheet metal fabrication can help clients avoid common pitfalls and reduce lead times, ensuring timely delivery of custom parts and components.

Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful with accuracy of guarantee the quality and lead time. time fast lead time

Strictly Confidential

We will protect the customers' design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

Stainless Steel Material

Material:

Stainless Steel 201
Stainless Steel 430
Stainless Steel 304
Stainless Steel 316

Finish:

Mirror Polishing
Brush Polishing
Electro Polishing
Vibration Polishing

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality agreement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
