

Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: PMS-XG-075
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

Product Specification

- Material: Copper, Stainless Steel, Aluminum, Brass, Etc.
- Surface Treatment: Hot Galvanized, Zinc Plating, Nickel Plating, Powder Plating, Anodize
- Process: Stamping, Punching, Bending, Punching Of Stamping Blanks, Stamping + CNC
- Application: Construction, Industrial, Used Widely Industry Auto, Mechanical Equipment, Auto Parts
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Oem: Available
- Quality: ISO9001
- Keywords: Custom Stamping Metal
- Packing: As Customers' Requirement
- Highlight: **Bending Sheet Metal Shell,**

Product Description

What We Can Provide

Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components

Description of Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components

This service offering encompasses a comprehensive suite of metalworking solutions tailored to meet the unique requirements of clients across various industries. It involves the fabrication of sheet metal shells, precision laser cutting, precise bending operations, and the production of custom-designed parts and components. With years of expertise in the field, the service provider leverages advanced technologies, skilled craftsmanship, and robust quality control processes to deliver high-quality, reliable, and durable metal products. Whether it's for electronics enclosures, automotive components, industrial machinery, or consumer goods, this service ensures that every project is executed with precision, efficiency, and customer satisfaction in mind.

Specification of Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components

Name	Custom OEM Laser Cutting Sheet Metal Fabrication Services Copper Stainless Steel Anodised Aluminum Metal Stamping bending Parts
Material	Zn-plating, Ni-plating, Cr-plating, Tin-plating, copper-plating, the wreath oxygen resin spraying, the heat disposing, hot-dip galvanizing, black oxide coating, painting, powdering, color zinc-plated, blue black zinc-plated, rust preventive oil, titanium alloy galvanized, silver plating, plastic, electroplating, anodizing etc.
Applications	Automotive, instrument, electrical equipment, household appliances, furniture, mechanical equipment, daily living equipment, electronic sports equipment, light industry products, sanitation machinery, market/ hotel equipment supplies, artware etc.
Packaging	Regular: Paper, Foam, OPP bag, Carton; Other: According to customers' requirements
Testing Equipment	Projecting apparatus, Salt Spray Test, Durometer, and Coating thickness tester
Tolerance	±0.01-0.05mm
Drawing	JPG, PDF, CAD, DWG, STP, STEP

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of Experienced OEM Sheet Metal Shell Fabrication Laser Cutting Bending Custom Parts Services Components

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Why Choose Us

Advantages

1. Precision and Quality Assurance:

With years of experience, the service provider ensures that every fabrication, cutting, and bending process is executed with utmost precision. Advanced laser-cutting technology guarantees clean edges and intricate designs, while precision bending ensures structural integrity and aesthetic appeal. Stringent quality control measures are implemented at every stage to ensure that the final product meets or exceeds industry standards and client expectations.

2. Customization and Flexibility:

One of the key advantages of this service is its ability to offer fully customized solutions. Whether it's a one-off prototype or a large-scale production run, the service provider can accommodate unique designs, specifications, and material requirements.

This flexibility allows clients to bring their innovative ideas to life without compromising on quality or functionality.

3. Cost-Effectiveness and Efficiency:

By leveraging economies of scale, advanced manufacturing techniques, and efficient supply chain management, the service provider can offer competitive pricing without sacrificing quality. Additionally, the ability to handle the entire production process in-house—from design and prototyping to mass production—streamlines the workflow, reduces lead times, and ensures timely delivery. This cost-effective approach makes it an ideal choice for businesses looking to optimize their manufacturing processes and stay ahead in a competitive market.

Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful with accuracy of guarantee the quality and lead time. Free fast lead time

Strictly Confidential

We will protect the customers' design and the customer can request a confidentiality agreement

Quality Inspection

We have a strict quality inspection process to ensure the quality of our products

Stainless Steel Material

Material:

Stainless Steel 201
Stainless Steel 430
Stainless Steel 304
Stainless Steel 316

Finish:

Mirror Polishing
Brush Polishing
Electro Polishing
Vibration Polishing

FAQ

1. How can I get the price? - We usually quote within 24 hours after we get your inquiry (except weekend and holidays). If you are urgent to get the price, please email us or contact us in other ways so that we can offer you a quote.
2. Can I buy samples? - Yes. Please feel free to contact us.
3. What is your lead time? - It depends on the order quantity and the season you place the order. Usually we can ship within 7-15 days for small quantity, and about 30 days for large quantity.
4. What is your payment term? - T/T, Western Union, MoneyGram, and Paypal. This is negotiable.
5. What is the shipping method? - It could be shipped by sea, by air, or by express (EMS, UPS, DHL, TNT, FEDEX etc). Please confirm with us before placing orders.
6. How do you make our business long-term and good relationship? - We keep good quality and competitive price to ensure our customers benefit. Furthermore, we respect every customer as our friend and we sincerely do business and make friends with them, no matter where they come from.
