

Industrial Machinery Custom Stamping Bending Metal Brackets for Industrial Machinery Brackets Supplier Manufacturer

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: MB-ST-062
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

Product Specification

- Supply Type: OEM Service
- Material Capabilities: Stainless Steel, Brass, Aluminum, Steel
- Process: Bending, Laser Cutting, Welding, Stamping
- Application: Auto, motorcycle, industry, agriculture, furniture, etc.
- Packing Details: Carton, Wooden Case, Plastic Cargo
- Color: Black, Silver, Customized Color
- Place Of Origin: China
- Highlight: **Industrial Machinery Custom Metal Brackets,
Industrial Machinery Metal Brackets,
Industrial Machinery Bending Metal Brackets**

Product Description

What We Can Provide

Industrial Machinery Custom Metal Brackets for Industrial Machinery Brackets Supplier Manufacturer

Description Of Industrial Machinery Custom Metal Brackets for Industrial Machinery Brackets Supplier Manufacturer

Industrial machinery custom metal brackets are specialized components designed and manufactured by suppliers and manufacturers to meet the unique requirements of various industrial machinery applications. These brackets are crafted from high - quality metals, such as steel, aluminum, or stainless steel, and are tailored to fit specific machinery designs, loads, and environmental conditions.

Material Of Industrial Machinery Custom Metal Brackets for Industrial Machinery Brackets Supplier Manufacturer

Material	Stainless steel, Aluminum, Brass, Copper etc.
Process	Stamping, Deep drawing, Laser cutting, Bending, Welding, CNC etc
Surface treatment	Zinc plating, Nickel plating, Powder coated, Paint, Brushed, Polishing, Anodized, Hot dip galvanizing etc.
MOQ	100pcs
Size	Customized Size
Certificate	ISO9001:2015
Design	3D/CAD/Dwg/IGS/STP
Package	Bubble Bag+ Carton+ Wooden Box
Application	Metal part in all fields
Service	Customize ODM OEM

Application Of Industrial Machinery Custom Metal Brackets for Industrial Machinery Brackets Supplier Manufacturer

1. Construction: Metal angle brackets are extensively used in the construction industry for connecting beams, joists, and rafters. They provide critical support and reinforcement to building structures, ensuring stability and load distribution.
2. Shelving: Angle brackets are widely used as shelf supports for wall-mounted shelves in homes, offices, retail stores, and warehouses. They help create sturdy and reliable shelving systems.
3. Furniture Assembly: Metal angle brackets are essential in furniture assembly, helping to connect components and reinforcing joints in tables, chairs, cabinets, and bed frames.

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Our advantages

1. Enhanced Performance and Efficiency

Custom metal brackets are designed to precisely match the specifications of the industrial machinery. This means they can provide optimal support and alignment, reducing vibrations and misalignments that can lead to energy loss and decreased efficiency. For example, in a conveyor system, custom brackets can ensure that the conveyor belt runs smoothly and evenly, minimizing friction and power consumption.

2. Increased Durability and Longevity

High - quality metals and advanced manufacturing processes used in custom metal brackets result in components that are highly durable. They can withstand the harsh operating conditions of industrial environments, such as high temperatures, heavy loads, and exposure to chemicals or moisture.

3. Cost - Effectiveness in the Long Run

Although custom metal brackets may have a higher initial cost compared to standard brackets, they offer significant long - term cost savings. The improved performance and durability of custom brackets lead to fewer breakdowns and downtime, which can be extremely costly for industrial operations.

Aluminum Material

Material:

Aluminum 5052
Aluminum 6061
Aluminum 6063 etc

Finish:

Anodic Oxidation
Polishing
Powder Coating
Spray Painting

Why Choose Us

Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful
with accuracy of guarantee the quality and lead time. guarantee fast lead time

Strictly Confidential

We will protect the customers' design
and the customer can request a
confidentiality agreement

Quality Inspection

We have a strict quality inspection
process to ensure the quality of our
products

FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
