

Expertly Manufactured Brass CNC Parts for High-Precision Metal Machining Services from Top Brass Parts

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: BS-CNC-068
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Color: As Per Customers' Requirement
- Keyword: CNC Milling Brass Parts
- Sample: Acceptable

Product Description

What We Can Provide

Expertly Manufactured Brass CNC Parts for High-Precision Metal Machining Services from Top Brass Parts

Description of Expertly Manufactured Brass CNC Parts for High-Precision Metal Machining Services from Top Brass Parts

At Top Brass Parts, we specialize in crafting expertly manufactured brass CNC parts through our advanced high - precision metal machining services. Brass, a blend of copper and zinc, is renowned for its unique combination of properties such as excellent electrical conductivity, corrosion resistance, and a pleasing aesthetic.

Specification of Expertly Manufactured Brass CNC Parts for High-Precision Metal Machining Services from Top Brass Parts

Business Type	CNC Machined Parts Factory / Manufacturer
Service	1. CNC Machining 2. Turning and Milling 3. CNC Turning 4. OEM Parts
Material	Aluminum: 5052,6061, 6063, 6082,7075-T etc 2. Steel: 4140, Q235, Q345B, etc. 3.Titanium: TA1,TA2/GR2, TA4/GR5, TC4, TC18,etc. 4.Stainless steel: 303,304,316L, etc. 5.Brass: C36000 , C37700 , C26800, C22000 etc 6.Plastic:Pom,ABS,Nylon,etc.
Main Equipment	CNC Machining center(Milling), CNC Lathe, Grinding machine
Treatment	Sandblasting, Anodize color, Blackening, Zinc/Nickl Plating, Polish,,Passivation PVD, Titanium Plating,Electrogalvanizing,electroplating chromium, electrophoresis, QPQ(Quench-Polish-Quench),Electro Polishing,Chrome Plating, Knurl,Power coating,Laser etch Logo,
Tolerance	±0.01mm~±0.05mm
Drawing format	STEP,STP,GIS,CAD,PDF,DWG,DXF etc or samples.

Application Of Expertly Manufactured Brass CNC Parts for High-Precision Metal Machining Services from Top Brass Parts

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Advantages

1. Unmatched Precision and Quality

Our CNC machining process guarantees extremely high levels of precision. The machines can achieve tight tolerances, ensuring that each brass part is manufactured to exact specifications. This level of accuracy is crucial in industries where even the smallest deviation can lead to performance issues or product failure. Additionally, our strict quality control measures throughout the manufacturing process ensure that every part leaving our facility meets the highest standards of quality, providing our customers with reliable and consistent components.

2. Customization to Meet Specific Needs

We understand that every customer has unique requirements. Our expert manufacturing capabilities allow us to offer a high degree of customization for our brass CNC parts. Whether it's a special shape, size, thread pattern, or surface finish, we can work with our customers to design and produce parts that perfectly fit their applications. This customization not only enhances the functionality of the parts but also gives our customers a competitive edge in their markets by allowing them to create

products that stand out from the competition.

3. Fast Turnaround Times

In today's fast - paced business environment, time is of the essence. We have optimized our manufacturing processes to ensure fast turnaround times for our brass CNC parts. Our efficient CNC machinery, combined with our well - organized production workflow, allows us to complete orders quickly without compromising on quality. This means that our customers can receive their parts in a timely manner, reducing downtime in their production processes and enabling them to get their products to market faster.

4. Cost - Efficiency

Despite the high level of precision and customization we offer, our brass CNC parts are cost - effective. Our advanced CNC machining technology reduces material waste and production time compared to traditional manufacturing methods. Additionally, our experienced team can help optimize designs to minimize costs while still meeting performance requirements. By choosing Top Brass Parts, our customers can get high - quality, customized brass components at a competitive price, improving their overall cost - effectiveness and profitability.

FAQ

Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
