

Top Brass Parts Provider for Brass CNC Parts for High-Precision Metal Machining Parts Supplier

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: BS-CNC-071
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Color: As Per Customers' Requirement
- Keyword: CNC Milling Brass Parts
- Sample: Acceptable

Product Description

What We Can Provide

Top Brass Parts Provider for Brass CNC Parts for High-Precision Metal Machining Parts Supplier

Description of Top Brass Parts Provider for Brass CNC Parts for High-Precision Metal Machining Parts Supplier

A leading brass parts supplier specializing in high-precision CNC metal machining excels in delivering tailored solutions for industries requiring tight tolerances, durability, and superior surface finishes.

Specification of Top Brass Parts Provider for Brass CNC Parts for High-Precision Metal Machining Parts Supplier

Business Type	CNC Machined Parts Factory / Manufacturer
Service	1. CNC Machining 2. Turning and Milling 3. CNC Turning 4. OEM Parts
Material	Aluminum: 5052,6061, 6063, 6082,7075-T etc 2. Steel: 4140, Q235, Q345B, etc. 3.Titanium: TA1,TA2/GR2, TA4/GR5, TC4, TC18,etc. 4.Stainless steel: 303,304,316L, etc. 5.Brass: C36000 , C37700 , C26800, C22000 etc 6.Plastic:Pom,ABS,Nylon,etc.
Main Equipment	CNC Machining center(Milling), CNC Lathe, Grinding machine
Treatment	Sandblasting, Anodize color, Blackening, Zinc/Nickl Plating, Polish,,Passivation PVD, Titanium Plating,Electrogalvanizing,electroplating chromium, electrophoresis, QPQ(Quench-Polish-Quench),Electro Polishing,Chrome Plating, Knurl,Power coating,Laser etch Logo,
Tolerance	±0.01mm~±0.05mm
Drawing format	STEP,STP,IGES,CAD,PDF,DWG,DXF etc or samples.

Application Of Top Brass Parts Provider for Brass CNC Parts for High-Precision Metal Machining Parts Supplier

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Advantages

1. Advanced CNC Machining Capabilities

Precision Engineering: Utilizes 4-axis and 5-axis CNC milling/turning to achieve tolerances as tight as $\pm 0.005\text{mm}$, ensuring consistent quality for complex geometries.

Material Expertise: Works with high-grade brass alloys (e.g., CW614N, CW617N) and other metals (aluminum, stainless steel) for versatile applications.

Surface Finish Options: Offers anodizing, electroplating, polishing, and powder coating to enhance corrosion resistance and aesthetics.

2. Customization & Flexibility

Design-to-Production Support: Collaborates with clients to optimize 3D CAD models, ensuring manufacturability while reducing lead times.

Low-to-High Volume Production: Scales from prototyping (1–100 units) to mass production (10,000+ units) without compromising quality.

Quick Turnaround: Expedites sampling (7–15 days) and production (15–30 days) using in-house tooling and automated CNC systems.

3. Stringent Quality Control & Certifications

ISO 9001:2015 Compliance: Implements 100% inspection via CMM (Coordinate Measuring Machines) and optical comparators.

Material Traceability: Provides RoHS, REACH, and ASTM-compliant brass alloys with batch-specific certification.

Post-Machining Testing: Conducts hardness, salt spray, and dimensional validation to meet automotive, aerospace, and medical standards.

4. Global Supply Chain & Competitive Pricing

Strategic Manufacturing Hubs: Operates in China, India, and Europe, leveraging cost-efficient labor while maintaining Western quality standards.

Just-in-Time Delivery: Partners with DHL, FedEx, and ocean freight carriers for reliable shipping to North America, EU, and Asia.

Cost Optimization: Reduces expenses through value engineering (e.g., consolidating parts, minimizing waste) without sacrificing performance.

FAQ

Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
