

Custom Precision Stamping Tailored Solutions for High-Performance Industries Supplier

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: PMS-XG-079
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 50000 pcs per week

Product Specification

- Material: Copper, Stainless Steel, Aluminum, Brass, Etc.
- Surface Treatment: Hot Galvanized, Zinc Plating, Nickel Plating, Powder Plating, Anodize
- Process: Stamping, Punching, Bending, Punching Of Stamping Blanks, Stamping + CNC
- Application: Construction, Industrial, Used Widely Industry Auto, Mechanical Equipment, Auto Parts
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Oem: Available
- Quality: ISO9001
- Keywords: Custom Stamping Metal
- Packing: As Customers' Requirement

Product Description

What We Can Provide

Custom Precision Stamping Tailored Solutions for High-Performance Industries Supplier

Description of Custom Precision Stamping Tailored Solutions for High-Performance Industries Supplier

We specialize in designing and manufacturing custom precision-stamped components engineered to meet the exacting demands of high-performance industries such as aerospace, automotive, medical devices, and telecommunications. By leveraging advanced stamping technologies, material science expertise, and rigorous quality control, the supplier delivers bespoke solutions that ensure optimal functionality, durability, and efficiency in critical applications.

Specification of Custom Precision Stamping Tailored Solutions for High-Performance Industries Supplier

Name	Custom OEM Laser Cutting Sheet Metal Fabrication Services Copper Stainless Steel Anodised Aluminum Metal Stamping bending Parts
Material	Zn-plating, Ni-plating, Cr-plating, Tin-plating, copper-plating, the wreath oxygen resin spraying, the heat disposing, hot-dip galvanizing, black oxide coating, painting, powdering, color zinc-plated, blue black zinc-plated, rust preventive oil, titanium alloy galvanized, silver plating, plastic, electroplating, anodizing etc.
Applications	Automotive, instrument, electrical equipment, household appliances, furniture, mechanical equipment, daily living equipment, electronic sports equipment, light industry products, sanitation machinery, market/ hotel equipment supplies, artware etc.
Packaging	Regular: Paper, Foam, OPP bag, Carton; Other: According to customers' requirements
Testing Equipment	Projecting apparatus, Salt Spray Test, Durometer, and Coating thickness tester
Tolerance	±0.01-0.05mm
Drawing	JPG, PDF, CAD, DWG, STP, STEP

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Application Of Custom Precision Stamping Tailored Solutions for High-Performance Industries Supplier

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

Why Choose Us

Advantages

High Precision & Tight Tolerances

Utilizes state-of-the-art stamping equipment and precision tooling to achieve tolerances as tight as ± 0.001 mm, ensuring parts meet exact specifications for high-performance applications. Minimizes assembly errors and enhances product reliability in demanding environments.

Material Optimization & Cost Efficiency

Offers expertise in selecting the right materials (e.g., high-strength steel, aluminum, titanium, or specialty alloys) to balance performance and cost. Reduces waste through efficient stamping processes, lowering production costs without compromising quality.

Customization & Rapid Prototyping

Provides tailored solutions for unique design requirements, enabling rapid prototyping and iterative testing. Accelerates time-to-market by shortening development cycles and adapting quickly to design changes.

End-to-End Quality Assurance

Implements rigorous quality control measures, including in-process inspections, CMM (Coordinate Measuring Machine) testing, and material traceability.
Ensures compliance with industry standards (e.g., ASTM, ISO, AS9100 for aerospace) to guarantee reliability in critical applications.

Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful
With accuracy & guarantee the quality and lead time. guarantee fast lead time

Strictly Confidential

We will protect the customers' design
and the customer can request a
confidentiality agreement

Quality Inspection

We have a strict quality inspection
process to ensure the quality of our
products

Stainless Steel Material

Material:

Stainless Steel 201
Stainless Steel 430
Stainless Steel 304
Stainless Steel 316

Finish:

Mirror Polishing
Brush Polishing
Electro Polishing
Vibration Polishing

FAQ

Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
