

Precision-stamped Custom Frame Solutions Tailored For Industrial Applications Requiring High Durability & Accuracy

Our Product Introduction

for more products please visit us on cnc-metalmachining.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: MFA-XG-086
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers'packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T,Western Union,MoneyGram
- Supply Ability: 50000 pcs per week

Product Specification

- Supply Type: OEM Service
- Material Capabilities: Stainless Steel, Brass, Aluminum, Steel
- Process: Bending, Laser Cutting, Welding, Stamping
- Application: Auto,motorcycle,industry,ariculture,furniture,e
- Packing Details: Carton, Wooden Case, Plastic Cargo
- Color: Black, Silver, Customized Color
- Place Of Origin: China

Product Description

What We Can Provide

Precision-stamped Custom Frame Solutions Tailored For Industrial Applications Requiring High Durability & Accuracy

Description Of Precision-stamped Custom Frame Solutions Tailored For Industrial Applications Requiring High Durability & Accuracy

Precision-stamped Custom Frame Solutions are engineered for industrial applications demanding exceptional durability and accuracy. These frames are fabricated using advanced stamping technologies that ensure tight dimensional tolerances, consistent material integrity, and optimized structural performance. Designed to withstand harsh operating environments, they deliver reliable functionality in machinery, automation systems, and heavy-duty equipment where precision and longevity are critical.

Material Of Precision-stamped Custom Frame Solutions Tailored For Industrial Applications Requiring High Durability & Accuracy

Production Capability Secondary Operations

Surface Operations	* Deburring work by machines, then by hands; * As long as you need no scratches on the products, we can use the film protected material for products during production; * Remove sharps of the products; * Ultrasonic cleaning after production.
Surface Treatments	Powder Coating, Polishing, Brushing, PVD Plating, PVC Coating, Ceramic Coating, Chrome Plating, Nickel Plating, Tin Plating, Copper Plating, Silver Plating, Sandblasting, Anodizing, Dacromet, Baking Varnish, Electrophoresis Coating, Zinc Plating, Hot Dip Galvanizing.
LOGO Printing	Laser Engraving, Silk-screening etc
Assembly Service	Yolanda provide products assembly service after each component production.
Custom Packaging	* Design packaging according to your products; * Make the packagings according to your requests; * Print your LOGO on the packaging as long as you need; * Other request according to your need.

Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control (IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

Why Choose Us

Advantages

Enhanced Durability: High-grade materials (e.g., hardened steel, aluminum alloys) and precision stamping processes create frames with superior resistance to wear, corrosion, and mechanical stress, extending service life in demanding industrial settings.

Dimensional Precision: Advanced CNC-guided stamping ensures ± 0.01 mm tolerance control, enabling seamless integration into complex assemblies and reducing errors in alignment, fit, and functionality.

Customization Flexibility: Tailored designs accommodate unique specifications—such as non-standard dimensions, specialized geometries, or application-specific features—without compromising structural integrity or performance.

Cost-Efficiency: Streamlined production via optimized tooling and batch processing minimizes material waste, reduces assembly time, and lowers per-unit costs while maintaining premium quality standards.

Aluminum Material

Material:

Aluminum 5052
Aluminum 6061
Aluminum 6063 etc

Finish:

Anodic Oxidation
Polishing
Powder Coating
Spray Painting

Why Choose Us

Multiple Machines

5-Axis CNC & Imp Professional machines, skillful workers, machines, skillful
with accuracy of guarantee the quality and lead time. guarantee fast lead time

Strictly Confidential

We will protect the customers' design
and the customer can request a
confidentiality agreement

Quality Inspection

We have a strict quality inspection
process to ensure the quality of our
products

FAQ

1. How can I get the price? - We usually quote within 24 hours after we get your inquiry (except weekend and holidays). If you are urgent to get the price, please email us or contact us in other ways so that we can offer you a quote.
2. Can I buy samples? - Yes. Please feel free to contact us.
3. What is your lead time? - It depends on the order quantity and the season you place the order. Usually we can ship within 7-15 days for small quantity, and about 30 days for large quantity.
4. What is your payment term? - T/T, Western Union, MoneyGram, and Paypal. This is negotiable.
5. What is the shipping method? - It could be shipped by sea, by air, or by express (EMS, UPS, DHL, TNT, FEDEX etc). Please confirm with us before placing orders.
6. How do you make our business long-term and good relationship? - We keep good quality and competitive price to ensure our customers benefit. Furthermore, we respect every customer as our friend and we sincerely do business and make friends with them, no matter where they come from.
